Check those that apply:

- We do not have internet access. Please send an information packet home with my child.
- We are interested in a PM owned instrument.
- These instruments are rented to families for an annual fee (\$35-50 depending on the instrument)
- There are very few available. They are the larger instruments (baritone, French horn, trombone) which may require transportation to and from school because there is not enough room on the bus.
