

MARTIC MINUTES

6th Grade Challenge Day:

Please join us on Tuesday, June 1st (rain date Wednesday, June 2nd) for our annual 6th Grade Challenge Day Carnival. This wonderful event is organized by our 6th grade students and benefits many local charities. The event is scheduled from 1-3 PM in our side parking lot. Please come and join in the festivities!

To all the wonderful parents and family members who helped out this past year. We want to thank you for all the hard work you did to make this year a complete success. Next year will be even better! Our school is what we make of it and so far with all the great people involved we have made it a community. Let's keep up the good work. Have a wonderful summer, enjoy the time off with your children. See you in the fall.

Nurse's Corner

According to Pennsylvania School Health laws, if your child is entering kindergarten or grade 6 next year, he or she will need to have a physical exam completed. The form has been mailed to the homes of all current fifth grade students. If you did not receive a form, please call the nurses' office. The physical exam time is also a perfect time for a discussion with your child's doctor about any additional immunizations that are recommended for your child. Examples of these are a second chickenpox vaccine for almost all students except those who had chickenpox disease, and the meningitis vaccine and Tdap booster for students entering seventh grade. Exams should be returned by the first day of school next year.

Dental exam forms for students entering grades 1 and 5 next year will be arriving home soon in your child's report card envelope or communication folder.

Students who do not have health or dental insurance coverage will be offered a school exam next spring.

If your child is not covered by any health insurance, please call 1-800-986-KIDS or visit chipcoverspakids.com for information about Pennsylvania's Children's Health Insurance Program (CHIP).

Attention Parents: Student Medication Pick Up

All medication sent to school for students must be picked up by an adult at the end of the school year. We are not permitted to send any medication home with students. Medications that are required until the very last day can be picked up on Friday, June 11th or Monday, June 14th. The office will be open from 8Am-3PM for medication pick up on those two days. To make other arrangements, please call the health room.
