Students plan several awareness and fund raising campaigns, including small in-school efforts, as well as district wide "sponsor an animal" campaign, teacher dress down days, and an effort to raise sponsorships from the business and civic arenas. These projects are intended to culminate in the club's funding of an "ark" with Heifer Project International, which provides farm animals to poor families around the world to help them be more productive. Students are also interested in using excess or future funds to explore micro lending possibilities through Kiva.org.

## Student Council

Student Council, a prominent student government organization, gives students a voice in determining school activities and environment. It helps promote activities for the entire student body at Penn Manor High School and fosters a positive climate throughout the school.

To be eligible, a student must file a petition for nomination with the sponsor. Elections take place in the spring. Since Student Council is modeled on our representative form of government and is intended to promote leadership skills, members are encouraged to attend leadership-training activities at state and national workshops and conventions. Being a member of student council is both an honor and a challenge. Members plan and organize a tailgating party for homecoming and a holiday party for life-skills students in the district.

Members also plan and promote a holiday giving-tree to support low-income families within the district. Much of the fundraising returns to the community and/or student body: For example, the money raised at the student council run talent-show in the spring goes to the Reeder Duke scholarship. Furthermore, student council members assist with parent-teacher conferences, freshmen orientation, and 8th grade tours. Student council needs hard working, creative, fun loving students who can handle responsibility and represent their peers, school with integrity.
