ConnectedYard Garners Best New Product Award at 2015 International Pool | Spa | Patio Expo for pHin Smart Pool Solution

LAS VEGAS, Nevada - Nov. 12, 2015 - ConnectedYard, an innovator in smart technology and the Internet of Things (IoT), has been selected as the winner of the Best New Product award at the International Pool | Spa | Patio Expo (PSP) currently underway in Las Vegas. The award was presented for pHin, the companys smart pool solution that is reinventing pool and hot tub care.

pHin consists of a floating water sensor, a mobile app, unique chemical pods and access to an on-demand service network of qualified technicians. It simplifies pool maintenance with 24/7 water chemistry monitoring, mobile notifications and convenient chemical delivery.

"We are very proud to see pHin recognized as Best New Product at this prestigious event," said Justin Miller, Co-Founder and CEO of ConnectedYard. "This honor represents a fundamental endorsement by the industry of the innovation and transformation that pHin as an IoT solution is bringing to the marketplace."

PSP is the years must-attend event in the pool, spa and backyard industry for the more than 10,000 international professionals in attendance to stay abreast of trends, market directions and cutting-edge technology. The 2015 Expo attracted some 550 exhibiting companies showcasing the latest industry products, materials, equipment and services.

ConnectedYard recently launched Pool Service On Demand, its unique network of pre-qualified service providers offering pre-negotiated on-demand service pricing. Pool Service On Demand connects professional technicians with pool and hot tub owners across America for their maintenance and repair needs. It also provides service techs with a gateway into the smart pool industry with access to new revenue streams, broader market coverage, increased service margins and 24/7 customer insight.
