The words I consider to be defamatory are:

"I purchased a property through US invest after talking to Ryan McFarland.

Ryan guaranteed the property would be refurbished and that it was in a good area.

After purchasing the property US Invest shut down and it appears the owners have taken the money paid for the rehab of all the units.

The owners were James Bradley and Ryan McFarland and they currently are running new companies Wealthceos and Your Wealth Education.

I just want these criminals held to account.

There are a lot of very unhappy clients looking for the elusive James Bradley.

James Bradley should be ashamed of himself."

<http://wealth-ceos.pissedconsumer.com/ryan-mcfarland-your-wealth-education-another-james-bradley-scam-20160224796540.html>

The words I consider to be defamatory are:

"Ryan Mcfarland was the owner of US Invest with the career criminal and conman James Bradley.

US Invest shut down with all the money and assets surprisingly disappearing and Ryan McFarland just starts a new company with james Bradley.

These guys need to be held to account.

James Bradley had a decade long history of fraudulent behaviour and Ryan McFarlnad was very aware of his criminal background but still started companies with him to suck money from gullible clients.

See attached - if anyone needs more proof - just ring Ryan McFarland and listen to the blatant lies he tells about US Invest.

US Invest deliberately and intentional committed fraud and Ryan Mcfar,land was right in the middle of it all.
