

# Academic Success of Latinx and Black Students in a Diploma Nursing Program

*Sandra Mesics, RN, MSN, CNM, Principal Investigator*

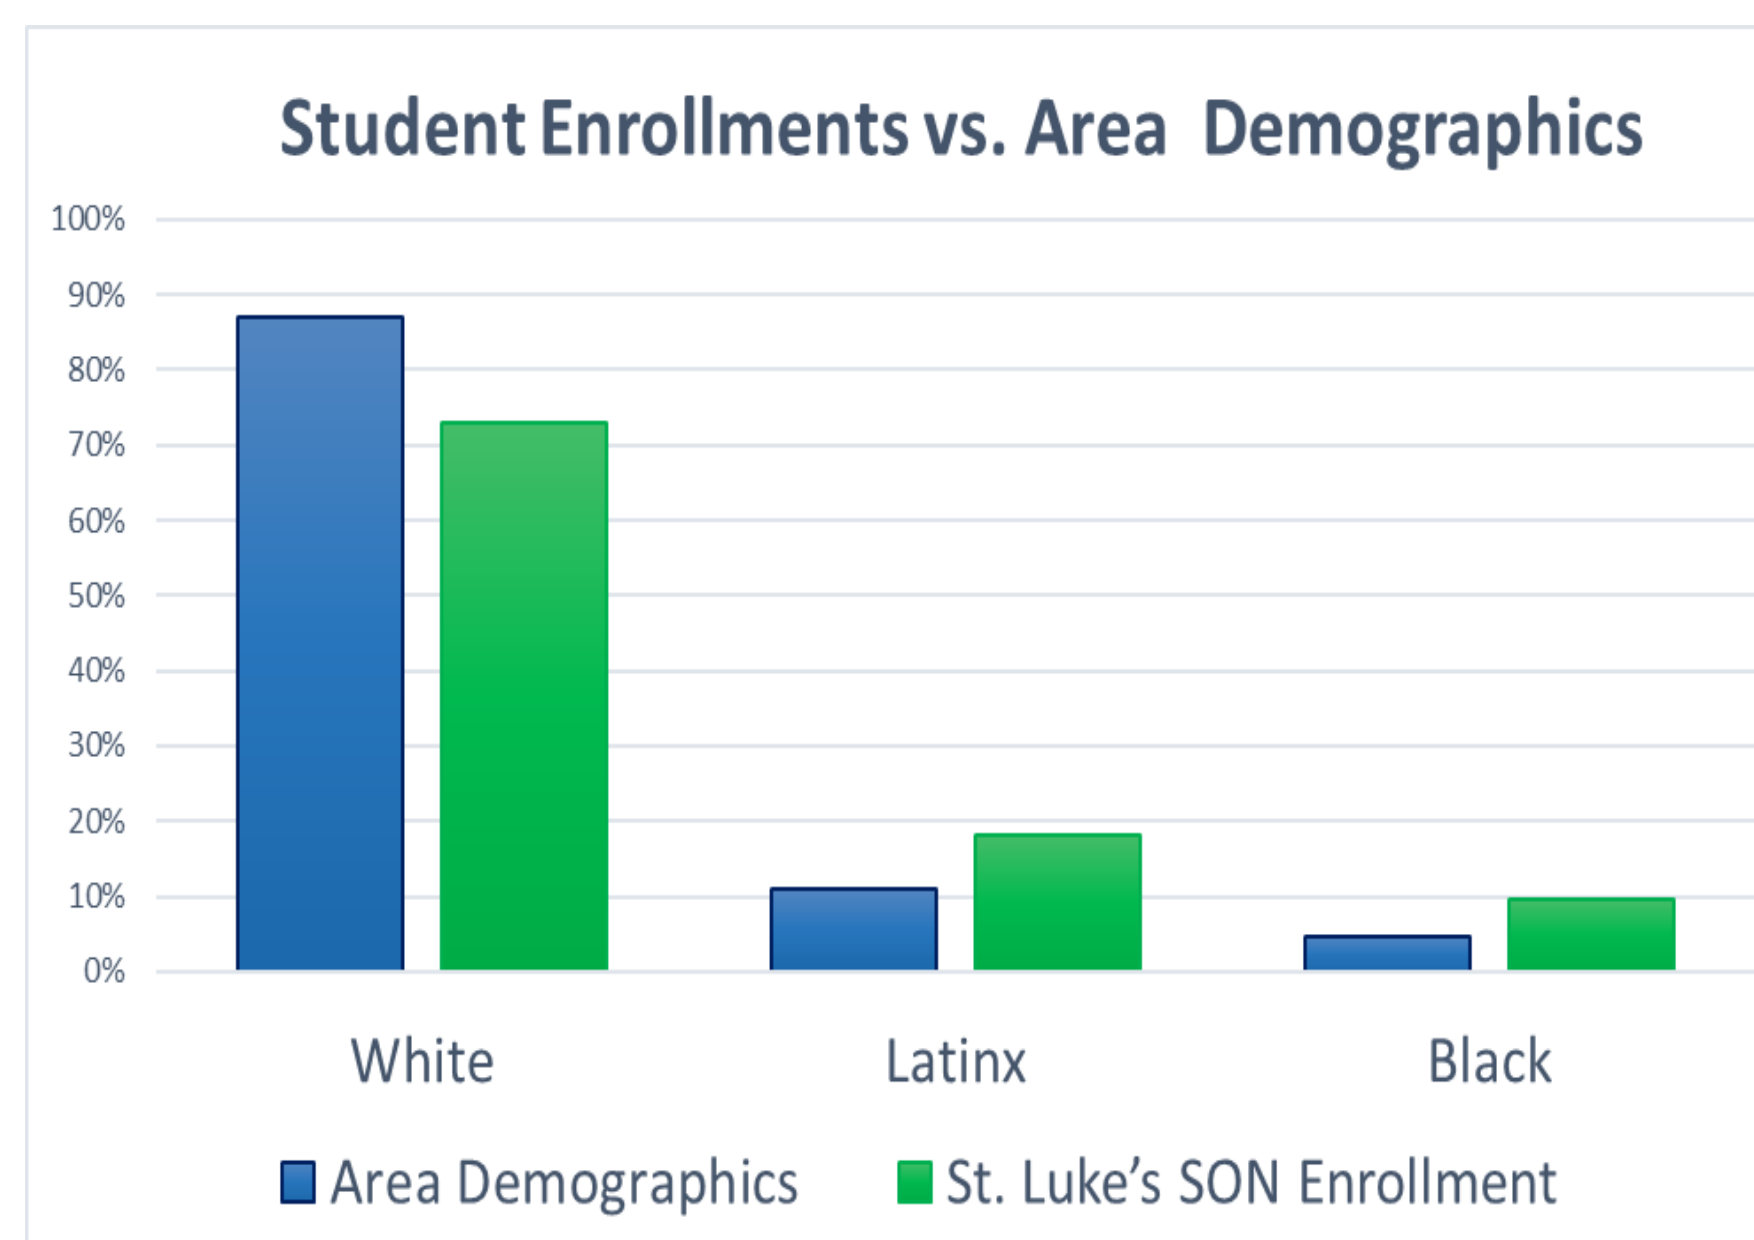

## Abstract

### Project Goals:

- Increase the enrollment of Latinx and Black students
- Increase the retention of Latinx and Black students
- Increase the number of Latinx and Black graduates

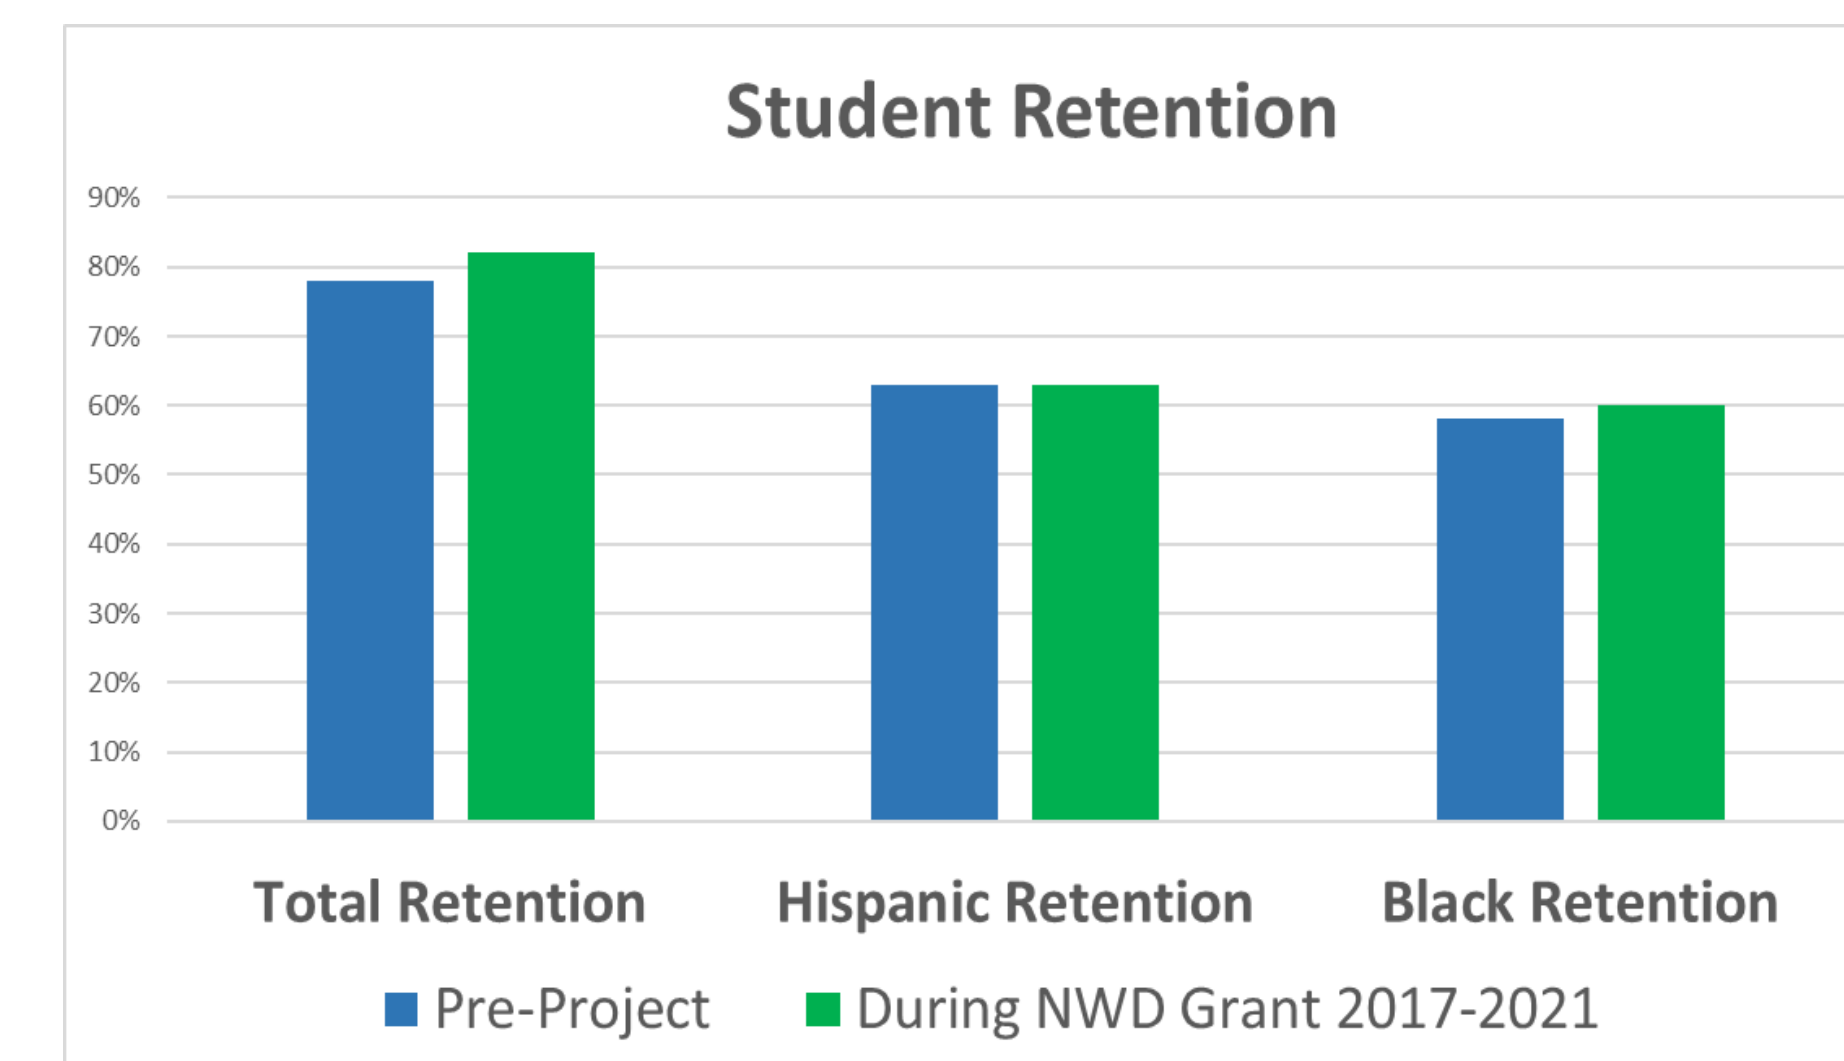

## Results

- Enrollment of Latinx and Black students exceeds area demographics
- Percentage of minority student enrollment increased from 18% to 27%
- Minority student retention remains flat at 60-63%
- NCLEX-RN pass rate of minority students is 87-92%, meeting or exceeding the national average (86%-88%)

## Method

- Increased recruiting of minority candidates.
- Implemented holistic admissions
- Provided Academic Coach support
- Provided Tuition Support
- Implemented Peer Mentoring

## Conclusion

- **Goals for enrollment and graduates were met.**
- **Ongoing work will focus on retention of minority students.**
