

YOUR ALL-IN-ONE TEACHING SUPPORT

FACULTY

COURSE CREATOR

Create your own courses and leverage existing ones with Lecturio's content

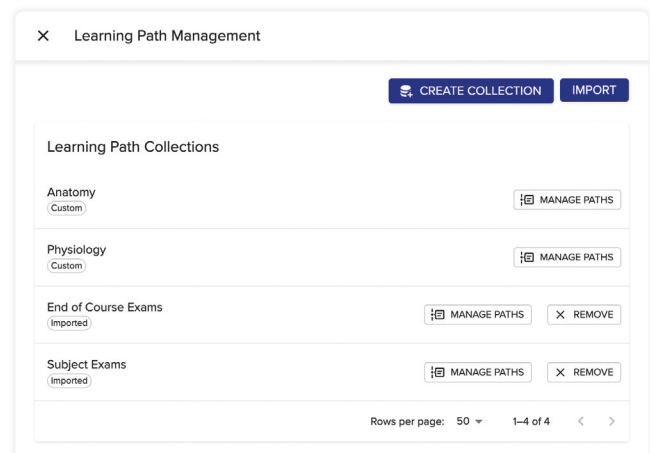

You can upload your own video lectures, exam questions, and teaching materials to the Lecturio Cloud and conveniently assign them to your students as needed. Additionally, you can place recall questions in your own video lectures.

LEARNING PATH MANAGEMENT

Create a custom learning experience combining Lecturio's content with your own videos, questions, and external resources

Lecturio's learning paths give you the flexibility to provide content the way they intended it to be taught. Use Lecturio resources, upload your own, or mix them together. The choice is yours!

QBANK MANAGEMENT

Assign Lecturio's questions or upload your own to create quizzes, practice tests, and more

With Lecturio's Qbank management, you are in the driver's seat. Create custom tests using Lecturio's questions or your own to get key insight into students' performance.
