Individual National Banks By States Whose Notes Of The 1929-1935 Issuing Period Remain Unreported

by M. Owen Warns, NLG

In the accompanying revised Table are listed the numbers of banks that issued circulating notes of the 1929-1935 National Bank Note issuing period types. Also given is the total number of bank Charters whose notes have surfaced, and the number of bank Charters by number whose notes had not surfaced up to the time this Table was prepared.

The current bottom-line figure reveals a considerable reduction and completion in the research on this, the final issuing period of National Bank Notes, i.e.:

(a) total number of banks issuing 1929-1935 notes 6994

(b) reported bank Charters whose notes have been recorded in the original listing of the 1970 SPMC publication, THE NATIONAL BANK NOTE ISSUES OF 1929-1935, and in the subsequent Supplements. Nos. I thru X that followed in various issues of *Paper Money* over the past 10 years 6201

(c) remaining bank Charters whose notes have yet to surface and be recorded 795

The initial recapitulation of the unreported bank Charters of the small size National Bank Note issues appeared in the Sept. - Oct. 1978 issue of *Paper Money,* whole No. 77, pages 258-262. Since then Society members researching this issue have come forth with 451 additional heretofore unreported bank Charters known to have issued the small size National Bank Notes. Their deletions are reflected in this latest Table. The Society of Paper Money Collectors acknowledges with thanks and appreciation those who have so diligently and persistently pursued and reported Charter number information. They are:

This scarce Colorado 14000 charter series note with serial #55 is a real "heart warmer". Only 60 of the $100 notes were placed in circulation by the First National Bank of Boulder. A $50 note recently surfaced from this bank, and was recorded in Supplement IX and illustrated in Supplement X. Note the marked upward shift of the bank officers' signatures together with the charter and serial numbers, and the bank title format.
