## **Alfredo Jaar lecture**

Alfredo Jaar is an artist, architect, and filmmaker who lives and works in New York. His work has been shown extensively around the world. Originally from Santiago, Chile, Jaar is renowned for his provocative installation, photographic, architectural, and theatrical works which bring to the forefront the complex relationships between developed nations and the so-called 3rd world. Jaar's work, such as *One Million Finnish Passports* (1995) and his extensive Rwanda projects are provocative examinations of wealth, power, and social responsibility. Jaar's work has been shown in the Venice, Sao Paulo, Johannesburg, Sydney, and other Biennales as well as Documenta in Kassel.
