CUSTOMIZE YOUR CELEBRATION

Select a single energy wellness experience for your private group, or curate a combination of three or more immersions, for a fully bespoke celebration.

For the ultimate Pixie Dust experience, we suggest pairing a group offering with two or more one-on-one sessions. Picture a collective meditation in one area, intuitive readings in a cozy booth, and facials unfolding in another corner of the room.

Your Party Concierge is ready to bring your vision to life with a touch of Pixie Dust magic.
