■ Chakra Balancing & Sound Healing

Experience a deep sense of harmony and renewal through Chakra Balancing and Sound Healing. This session helps clear energetic blockages and realign your body's natural vibration, restoring balance to the mind, body, and spirit. Using sacred frequencies, crystal singing bowls, and intuitive energy work, this treatment promotes relaxation, clarity, and emotional release.

What to Expect:

During your session, you'll be guided into a meditative state while sound vibrations flow through your energy centers (chakras). You may experience warmth, tingling, or a peaceful sense of release as your energy rebalances. Afterward, clients often feel lighter, centered, and deeply at peace, with improved focus and emotional well-being.

■ Tarot & Psychic Readings

Each Tarot and Psychic Reading is a personalized experience designed to bring clarity, guidance, and empowerment. Through intuitive insight, energy connection, and spiritual messages, you'll gain a deeper understanding of your life path, relationships, and inner growth.

What to Expect:

Sessions begin with a brief energy grounding to connect with your vibration. Using Tarot and Oracle cards, I interpret messages from spirit to provide insight into current challenges, opportunities, and future guidance. Every reading is delivered with compassion, honesty, and a focus on healing and positive transformation.

■ Each session is a sacred space for healing, transformation, and divine connection.
