# FAQ

Medical and consent form

Telehealth consult

Connect with us

- **Why do I need a medical consultation before receiving an IV treatment?**

All patients must complete a quick telehealth consultation with a licensed medical provider to ensure the treatment is safe and appropriate for you. This consultation takes only a few minutes, costs \$30, and is valid for one year. This consultation fee is in addition to your treatment cost.

- **Can more than one person receive an IV at a time?**

Yes! We can accommodate multiple people at once, and we offer a discount for groups of 3 or more.

- **What forms of payment do you accept?**

We accept cash, credit cards (including HSA/FSA cards), Zelle, and Venmo.

- **Other services we offer:**

**Weight loss prescriptions (GLP-1/GIP; compounded semaglutide and tirzepatide)**

**At home NAD+ and Sermorelin peptide injections**

**NUTRAFi Vitamin Sprays & PatchAid vitamins**

*\*Committed to quality care under Dr. Jeremy Drollinger, Medical Director*

**Vitamin C** - Strengthens immunity, supports skin health, fights free radicals.
