Interactivity

No attendee will be singled out or forced to "stomp their feet". The cast seeks the input from the audience and invites them to ask questions.

Delicious Dining & Beverage Options

To make your group's visit unique, we offer fully customized food and beverage options. To get the conversation started, here are a few options to consider:

- **Prix Fixe Lunch or Dinner** - Three courses, all plated and all delivered to your groups tables (no buffets here!). Our meal service begins the moment your group arrives with the entree served before the start of Act One and concluding with dessert at intermission. We operate a nearly 24 hour culinary department so additional customization is always an option. All meal elections must be made in advance.

- **Light Bites & Appetizers** - Your group might be a little snacky and if so, we'll serve a curated selection of delicious hot and cold appetizers. They can be ordered in advance or ordered off the menu upon arrival. Marinara Meatballs, Onion Rings and Calamari are just a few of our favorites!

- **Jr. Detectives** - If your group includes the children, then we have menu options kids love! From mac and cheese to chicken nuggets, even the pickiest detectives are happy!

- **Beverages** - Upon your group's arrival, your refreshment pampering begins immediately. Your dedicated server will present menus and selections will be brought to your table whenever is convenient for you and your group. Opt for a bottle (or glass) of wine from our exclusive list, draft or bottled beer from this country and around the world, exclusive signature cocktails (or mocktails) served in our snazzy, jazzy Speakeasy Murder 2025 commemorative cup and of course soft drinks, bottled water and fruit juices.

- **Wines, Beers & Spirits** - Our beverage team is dedicated to providing a diverse collection of wine, beers and spirits from around the world. Specialty cocktails are crafted to perfection for every guest. Wines may be purchased by the glass or the bottle.
