

Charm Bar

ITENERARY

Duration: 2 hours

STEP 1: Set Up Charm Bar - 30 min

When I arrive, I'll start by setting out the necklace and bracelet chains so they're ready for guests to browse. Next, I'll arrange the charms in labeled trays; each clearly marked to make it easy for everyone to see the styles and themes of 600+ charms. This organized setup makes the charm selection process simple, fun, and stress-free, so guests can dive right into creating their custom pieces.

STEP 2: Welcome Guests - 10 min

As guests arrive, I'll walk them through how the Charm Bar works and answer any questions. They can browse the trays, pick out their charms, and choose their perfect chain style and length.

STEP 3: Pick Charms & Plan Your Jewelry Layout - 30 min

Your necklace or bracelet can be arranged the way I think looks best for a smooth guest experience, or the host can guide the setup to match their vision. This flexibility ensures the Charm Bar complements the party's style and flow

STEP 5: Pack up & Pics - 20 min

Before I pack up, I'll snap a few fun group or individual photos so everyone can remember the experience. Then I'll clean up the Charm Bar, leaving the space just as I found it, and say my goodbyes!

STEP 4: Jewelry Asembly - 30 min

Once selections are made, I'll hand-assemble each necklace or bracelet on the spot. Guests can watch their custom pieces come together and make any last-minute adjustments.
