MIXING THINGS UP, LIKE A PRO

One thing we love is a reason to gather together and celebrate, and if there's a theme involved, even better! We provide a cocktail class where we walk you through the steps and tools it takes to make buzz-worthy libations that you can later use to entertain your friends and family. This is a hands-on experience complete with delicious cocktails, tons of photo ops and even a little bride & groom trivia! There is never a dull moment!
