

Product Introduction!

SILK HAIR TINSEL

- This product is tied to a single strand of hair with a crochet hook. It is made of silk, which gives it hair like capabilities. This product will hold to the natural texture of the hair once it has gotten wet. It will last 3 weeks with some falling out a little earlier and some lasting much longer. It can be blow dried and used with hot tools. Good for a texture.

FEATHER HAIR EXTENSIONS

- Feather extensions are natural and hand dyed ethically sourced rooster feathers. Ranging from small(6-9 inches) to long lengths(13-16 inches). Placed in the hair with an extension bead and will last 6 to 8 weeks before needing a move up, or leave it until it falls out. If you are ready to remove the feather, use a jewelry plier to release the bead from the hair or visit us if your local or your hairstylist. Heat Safe. Not color safe!
