Event Minimum & Booking Policy

Private Events start at \$520 — equal to 8 guests minimum (based on Sterling Silver bracelets starting at \$65 each). Each guest can pay individually for their bracelet, or the host can cover the total balance. A \$150 non-refundable deposit is required to secure your date — covering travel and setup. Once your deposit is paid, your guest count and event minimum are locked in. If fewer guests are serviced than confirmed, the host is responsible for covering the remaining balance. As long as each guest receives one bracelet, the minimum will be met with no problem. Once the event minimum is met, the host — or the person the event is designated for — receives one complimentary bracelet as a thank-you.
