LISTENING TO MUSIC
1. Press the (source) button on your speaker, then connect to your Bluetooth device.
2. Adjust the volume on your speaker by pressing the + or – buttons. Note: Use the controls on your Bluetooth device to control playback.

TAKING A CALL VIA BLUETOOTH
1. Press the (phone) button briefly to accept an incoming call.
OR
Press and hold the (phone) button to reject an incoming call.
2. Press the (phone) button during a call to end the call.

PLAYBACK USING AUX IN
1. Connect an external sound source, such as an MP3 player, by plugging a 3.5 mm audio cable (not included) into the AUX IN jack on your speaker.
2. Press the (source) button to enter AUX mode. The LED lights green.
3. Start playback on the external device.
4. Press + and – to adjust the volume.
5. Control playback using the controls on the audio device.

CONNECTING WITH BLUETOOTH
1. Make sure that your Bluetooth device is turned on and within 33 feet (10 meters) of your speaker.
2. On your speaker, press the Source button. Your speaker enters pairing mode, and the LED blinks. Note: Press and hold the Source button to return to pairing mode.
3. Turn on your Bluetooth device and turn on Bluetooth. Set your device to pairing mode, then select NS-CSPBTHOL. See the instructions that came with your Bluetooth device for information about pairing.
4. If you are asked for a password, enter 0000. When pairing is complete, the LED lights solid blue.
5. To disconnect from the paired Bluetooth device, press and hold the Source button on your speaker for three seconds. Your speaker disconnects from the Bluetooth device and enters pairing mode again.

RECONNECTING TO A PAIRED DEVICE
When your speaker is not paired to a device, the LED blinks blue slowly. Note: If a device does not automatically reconnect, you may need to reselect NS-CSPBTHOL on your Bluetooth device.

CHARGING YOUR SPEAKER
1. Connect the small end of your USB charging cable to the micro USB port on the back of your speaker.
2. Connect the other end to a USB charging port. The power indicator lights red while charging, then turns off when fully charged. Note: When the battery is low, you will hear beeps every two minutes. About 10 minutes later, the speaker will power off automatically.

TUNING YOUR SPEAKER ON AND OFF
• Slide the ON/OFF switch. When on, the LED blinks quickly and the speaker enters pairing mode.

PACKAGE CONTENTS
• Bluetooth speaker
• USB charging cable
• Quick Setup Guide

FEATURES
• Wirelessly stream from any Bluetooth device
• Rechargeable battery lasts up to six hours
• Speakerphone for hands-free talking

CHARGING YOUR SPEAKER
1. Connect the small end of your USB charging cable to the micro USB port on the back of your speaker.
2. Connect the other end to a USB charging port. The power indicator lights red while charging, then turns off when fully charged. Note: When the battery is low, you will hear beeps every two minutes. About 10 minutes later, the speaker will power off automatically.

QUICK SETUP GUIDE
1. Connect the small end of your USB charging cable to the micro USB port on the back of your speaker.
2. Connect the other end to a USB charging port. The power indicator lights red while charging, then turns off when fully charged. Note: When the battery is low, you will hear beeps every two minutes. About 10 minutes later, the speaker will power off automatically.

TUNING YOUR SPEAKER ON AND OFF
1. Slide the ON/OFF switch. When on, the LED blinks quickly and the speaker enters pairing mode.

QUIKT SETUPE GUIDLNE
1. Connect the small end of your USB charging cable to the micro USB port on the back of your speaker.
2. Connect the other end to a USB charging port. The power indicator lights red while charging, then turns off when fully charged. Note: When the battery is low, you will hear beeps every two minutes. About 10 minutes later, the speaker will power off automatically.

**SAFETY INSTRUCTIONS**

- Never expose the product to fire as this could result in personal injury.
- Do not store the product in an extremely cold or warm environment.
- Never dismantle the product.
- Never let children play with the product.
- Do not expose the product to dampness or moisture.
- The product should not be exposed to dripping or splashing.

**LEGAL NOTICES**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**FCC Caution:**

Changes or modifications not expressly approved by the part responsible for compliance could void the user’s authority to operate the equipment.

**FCC Statement:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**RSS-Gen & RSS-210 statement:**

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

**ONE-YEAR LIMITED WARRANTY**
