

DEW DROPS LIQUID HIGHLIGHTER

SWEET TIPS

- Set your cheeks aglow with just a drop blended over barely-there blush.

DIRECTIONS

Shimmers subtly anywhere you want to highlight—décolleté, cheekbones, brow-line, lips, the list goes on—and on! It's long-lasting, too. Use sparingly because a little dew-drop goes a long way.

KEY INGREDIENTS

- **Grapeseed Oil** - *The fatty acids in grapeseed oil make it a great moisturizer. It forms a protective barrier on the skin and prevents the loss of moisture.*
- **Cyclopentasiloxane** - *Leaves your skin feeling smooth, soft, and dewy. Protects the skin barrier.*
- **Sepiolite Clay & French Green Clay** - *Earth clays that prevent separation.*

KEY INGREDIENTS

- **Mica** - *Mica powder reflects light from the face because of its glittering or shimmering properties and can create the illusion of a smoother, softer and more radiant skin tone.*

INGREDIENTS

Grapeseed Oil, Cyclopentasiloxane, Sepiolite Clay, French Green Clay, Mica, Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol.
