OVERVIEW

When you want great sound, but you're in a small space, LG's compact, stylish and slim LAP240 SoundPlate™ is what you are looking for. With 4.1 ch virtual surround sound and 100W, your TV gets an audio boost without taking up additional space. The SoundPlate™ fits nicely under TV's, all you have to do is place your TV on top and you are ready to go. Set-up is simple with LG's Sound Sync Wireless. Just plug the SoundPlate's power cord in to the outlet and wireless sync to your compatible TV. And, with Bluetooth® you can stream your favorite music collection from your compatible portable device to the TV, also without wires.

HIGHLIGHTS

4.1 CHANNEL AUDIO

Make all of your movies and music come alive as never before, with 4.1-channel sound. An ideal premium audio solution for compact spaces, these four specially engineered speakers plus subwoofer create a thrilling virtual surround effect.

BLUETOOTH

Stream music wirelessly from your compatible smart phone or tablet so you can access and listen to your favorite playlists.

3D SURROUND PROCESSOR

Put yourself in the middle of all the action with LG's onboard 3D Surround Processor, which creates a room-filling surround sound experience for movies, TV shows and more.
