NOTES

Installation Space
This module can be installed beneath a countertop or can be used free-standing.

For a standard installation of Stainless Steel unit: The product must be installed so that the front face will project 1-3/4″ forward of adjacent cabinets.

For a flush installation of Stainless Steel unit: Install a 1/2″ wide filler strip on the hinge side. The width of the opening must be 24-1/4″ wide.

Location Requirements
All Monogram Refrigeration Modules may be closed in on the top and sides as long as the front is unobstructed for air circulation and door swing.

• Do not install these products where the temperatures will go below 55°F (13°C) or above 90°F (32°C).

• Do not install where they will be subject to direct sunlight, heat or moisture.

• These products are not designed to be stacked one over the other.

Side-by-Side Installation
For a complete refreshment center, install a Monogram Wine Reserve and Beverage Center together.

• Products must operate from separate properly grounded receptacles.

See Installation Instructions for side-by-side information.

MONOGRAM

FEATURES AND BENEFITS

DIGITAL TOUCH CONTROLS
Provide precise temperature settings for cooling all type of beverages, and a LED display allows easy viewing of temperatures

STORAGE CONVENIENCE
Three removable glass shelves, including a QuickSpace™ shelf, and two full-extension wine racks hold up to 10 wine bottles, as well as 12-ounce cans, quart-size bottles, and two-liter plastic containers

SOFT INTERIOR LED LIGHTING
Automatically illuminates when the door is open, but can be activated by an internal on/off switch

CONVENIENT 24″ CONFIGURATION
Is fully finished on all sides to allow installation virtually anywhere in the home

FLUSH INSET INSTALLATION CAPABLE
Allows near-seamless integration with surrounding cabinetry

REVERSIBLE DOOR SWING
Easily reversed to left or right door swing as needed

ZDBR240HBS - beverage center with digital controls
