### Key Features & Benefits

#### TotalCoverage Spray Arm

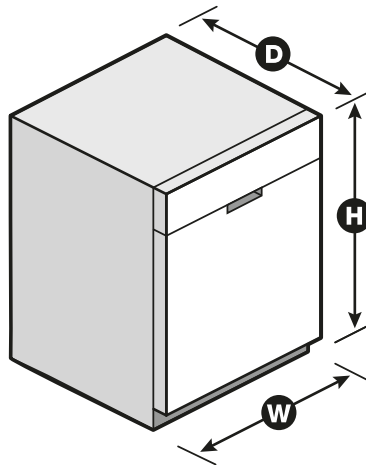

Cleans with twice the jets\*\* for more coverage while a smarter sequence of spray patterns from multiple nozzles hits your dishes with increased water pressure.

#### Sensor Cycle

Automatically get the right wash and dry settings for each load with two sensors that measure temperature, soil level and load size during prewash and the wash cycle.

#### 1-Hour Wash Cycle

Clean dishes in half the time so your plates, pans and glasses are thoroughly cleaned up and taken care of in just an hour.†

\*Per IEC standards. \*\*Compared to Whirlpool® dishwasher without TotalCoverage spray arm. †Compared to Normal cycle with lightly soiled loads. NOTE: Dimensions are for planning purposes only. For complete details, see Installation Instructions packed with product. Specifications subject to change without notice.
