Key Features & Benefits

Our Most Space-Saving Design Available

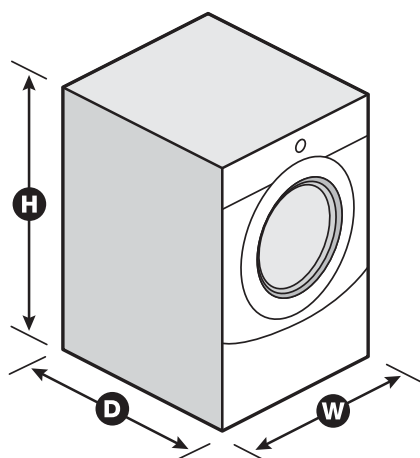

Our compact dryer has a 24" width and ventless design. It is flexible enough to install virtually anywhere, making it our most space-saving design available.

Our Most Efficient Compact Dryer Technology

Our most efficient compact dryer technology uses a ventless heat pump design to take the next step in energy efficiency. It recycles air and captures moisture so you can enjoy a more efficient and perfect drying experience.

Wrinkle Shield™ Option

Help prevent wrinkles even on a hectic schedule with the Wrinkle Shield™ option. Intermittent tumbling helps keep wrinkles from setting into clean clothes for up to 12 hours after the cycle ends.

NOTE: Dimensions are for planning purposes only. For complete details, see Installation Instructions packed with product. Specifications subject to change without notice.
