Key Features & Benefits

Intuitive Touch Controls with Memory

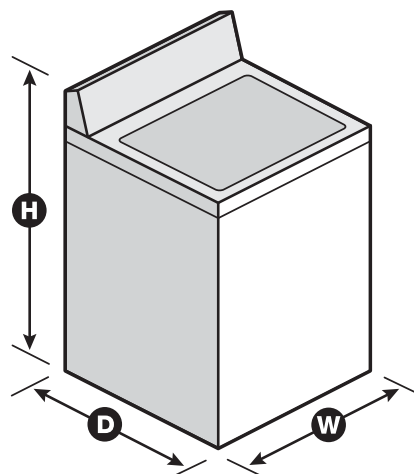

Easy “what” and “how” controls effortlessly help you create customized care for any mess by adjusting cycle water levels, wash actions and temperature. Plus, they even remember your last settings to save you time when washing those everyday favorites.

Adaptive Wash Technology with Active Bloom™ Wash Action

It works to thoroughly saturate clothes with water and detergent by using advanced wash actions. This helps clothes wash against one another for gentler fabric care.

ColorLast™ Option

Give your most vibrant colors the care they need with our ColorLast™ option. It uses a precise combination of wash action, gentle temperatures and time to keep colors vibrant longer.*

*Compared to our pre-2009 agitator washer. NOTE: Dimensions are for planning purposes only. For complete details, see Installation Instructions packed with product. Specifications subject to change without notice.
