Q Speed Queen. MULTI-HOUSING

DEDICATED TO SETTING NEW STANDARDS

We are the world's largest commercial laundry company, with an undeniable history of proven performance and reliability. Property owners rely on the practical ingenuity of features designed to make their lives simpler and more productive. Our commercial-grade construction is rugged, dependable and built to last.

As the commercial laundry industry leader, our valuable network of authorized laundry service providers is in place to provide you with the time and attention you deserve. Your local laundry service provider can assist you with laundry solutions for your property, including a space saving design, cost efficient equipment and business control systems.

WashAlert™
with Service Alert

Revolutionizing Laundry Room Technology - Quantum® Gold Wash Alert

Speed Queen's Quantum® Wash Alert™ with Service Alert system is a revolutionary add-on to our Quantum Control. Speed Queen offers remote washer and dryer availability for residents and students while providing owners and managers with real-time service alerts about laundry room operation.

Speed Queen laundry equipment with Quantum® controls and software is required for networking the Wash Alert™ with Service Alert System. Quantum laundry machines are wirelessly networked and are linked to a network controller, near the laundry room facility.

Quantum controls interface directly with coin activation and all major debit card, credit card or central pay systems. Card and coin systems run independent from networked Wash Alert™ with Service Alert.

BUILT FOR RELIABLE PERFORMANCE

Wash Alert™

- Residents can go online or check their local property channel to see when a washer or dryer is available. They also have the convenience of being able to easily check the status of their laundry over their apartment's cable television channel.

- Residents will be able to sign up and receive text or email alerts that notify them when equipment is available or when their laundry is complete.

- Wash Alert tracks equipment performance and revenue. Automated revenue and usage reports can be delivered at scheduled intervals to select recipients.

- Quantum controls offer an easy-to-read digital display with LED lights, a touchpad selector and wash cycle countdown that allows residents to conveniently see how their load is progressing and helps increase machine availability.

- Premium cycles give residents the option to choose up to 27 cycle combinations to provide the proper temperature and soil level selection for maximum efficiency and user preference.

- Top-Off dryer time gives residents the option to purchase additional time before the initial dryer cycle has been completed.

Wash Alert™ with Service Alert

- Alerts the Laundry Service Provider (LSP) with real-time information on everything you need to know about your laundry room operation. Service Alert reduces downtime and ensures that your laundry room is operating at peak efficiency.

- Speed Queen's WashAlert with Service Alert System provides an enhanced solution for your multi-housing facility. Its technology offers remote laundry room machine availability, making it easier for residents to do laundry, while giving the resident automated updates about your laundry-room operation in real-time.

- Wash Alert™ with Service Alert monitors service codes and can send an email to notify you or the LSP of laundry equipment events. EX: Service door opening, coin vault opening, fill alarm, drain alarm.

- Service and operation reports can be scheduled to email select recipients in customized intervals.

Machine	Type	Status	Time Remaining	Notifications			
01	Washer	Available		Email		Text	Notify
02	Washer	In Use	45 minutes left	Email		Text	Notify
03	Dryer	In Use	3 minutes left	Email		Text	Notify
04	Dryer	In Use	45 minutes left	Email		Text	Notify

Notify me about washer/dryer availability:
Email me (or text me) when there are [2] washers and [1] dryer available.
