This stunning beauty was built in 1898 and still maintains some of the charm and character of that era. Sophisticated wood features showcase the front entry, living room and dining areas of the main house. The main house has 4 bedrooms and 3 bathrooms and there is generous and elegant floor space throughout. Attached is a 2 bedroom and 1 bath unit with a sprawling beautiful rear deck for entertaining. There is great lighting throughout this cozy modern styled unit. The backyard is neatly manicured and has several planter boxes for gardening. There are many possibilities for this duplex which could include an in-law apartment, au-pair quarters or as an income-producing rental, extended family unit, Air BNB, etc. You decide! There is tandem parking along the side of the property.
