To say this property has it all would not be a understatement. Beautiful Golden West built home that sparkles. Home boasts large living room, family room with fireplace and a kitchen that has it all. Most all of home has wood laminate flooring. This home offers a very open flowing floor plan that is very user friendly. As the home sits on 2 acres, it offers, among other things a large 48 x 96- horse coral with partial covering. (2) 40ft containers, several fruit trees including, but not limited to avocado, plum, apricot, lemon and more. Oh and do not forget the view. The city lights can be seen as you relax in you spa.
