Street of Dreams

This stunning home was featured in the 2002 Street of Dreams. With upgrades beyond expectation, it provides an extensive amount of built-ins, walnut flooring with maple inlays located in the dining room amongst so much more. Not only is the interior filled with upgrades, the exterior is not to disappoint. With a covered deck and a large wrap around patio along with a hot tub and waterfall leading into a meticulously landscaped pond, this home welcomes entertaining along with relaxation.
