Welcome home to this gorgeous updated ranch ideally located on a coveted corner lot in the desirable Metzler Ranch community. This elegantly remodeled home reflects a lifestyle of comfort, style, and sophistication. With elevated curb appeal and meticulous landscaping framed by majestic mature trees and privacy fencing, this home boasts stunning outdoor living spaces, including a large pergola-covered patio, stamped concrete extension, and a charming flagstone walkway.

Step inside to discover an open concept floorplan with high ceilings and impressive upgrades throughout. The spacious living room offers a versatile space and is large enough for a dining area, if desired. Filled with natural light and beautiful hardwood flooring that extends through most of the main level, it's perfect for entertaining and everyday comfort.

The great room is open to the kitchen and dining room. With its floor to ceiling windows and the glass slider leading out to the back patio, it is drenched in natural light. And there's a gas fireplace to cozy up to on those chilly evenings.

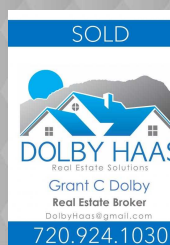

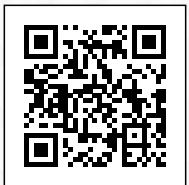

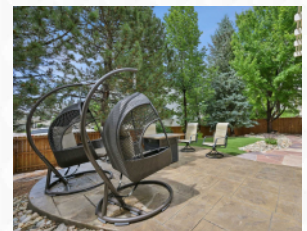

The gourmet kitchen is a chef's delight featuring a large island, solid granite countertops, travertine flooring, a mosaic tile backsplash, and a large walk-in pantry. Stainless steel appliances, bright white cabinetry, breakfast bar seating and an open layout, all make this space both functional and attractive. The adjacent informal dining area looks over the back deck and out to the lovely backyard.

The main level primary suite is expansive with high ceilings, has patio access and a walk-in closet. The luxurious remodeled 5-piece bath is spa-inspired with a soaking tub, walk-in shower, double vanity with granite counters, custom tile work, and modern fixtures. There are 2 more main level bedrooms that share an upgraded full bathroom, finished with granite countertop and tile flooring.

The finished basement extends your living space with a generous sized family/rec room completed with newer wood flooring. The lower level includes a bedroom with an egress window and a bonus room with that would be ideal as a home gym, office, or craft room with an en suite remodeled 3/4 bath finished with a large storage closet and upgraded vanity. Enjoy the convenience of additional storage space in the unfinished area of the basement.

Additional highlights include ceiling fans and central A/C, main level laundry/mud room with a utility sink that leads into the attached oversized 2 car garage with an exterior access door and a window. Landscaping has been upgraded for year-round beauty and lower exterior maintenance.

Conveniently located just minutes from downtown Castle Rock, you're close to shopping, retail, dining, trails, parks, open space, schools, rec center, entertainment and quick, easy I-25 access. Whether you're commuting or savoring small town charm, this home offers a blend of elegant living with the ease and convenience of nearby amenities.
