## Country Living At Its Peaceful Best!

Come experience your tranquil country escape! The walkway through the fenced, landscaped yard brings you to a large, welcoming, covered front porch! Come on in to the warm wood floors in the entry, kitchen & main living/dining area. Get creative in the gorgeous granite kitchen with cowhide, copper, cedar and stone accents. Relax on the huge, covered back deck and patio with big views! Cozy up by the wood stove in the large family room downstairs with its walkout to patio and back yard. Snuggle in the lower level master suite with big walk-in closet! And have plenty of room for everyone with the additional 3 beds & 2 baths upstairs, including a 2nd "master" with attached bath. And work on projects in the big mudroom/pantry attached to a garage big enough for 4 cars and workshop. This is the one!
