Alice and David -- we received a call from Senator Inouye's office inquiring about a bank's TARP-CPP application. The application is still under review (now in Washington). Please advise if we should return the call here, or defer to one of your office's.

Vanessa Luong (202-224-6055) for Hawaii Senator Daniel K. Inouye (D) called to ask about Central Pacific Bank's TARP-CPP application. Since caller is not in the banking industry, refer to OPA? Let us know if we should return this call and what we are allowed to say. Thanks!
