Rodeo Entry Information

30-HOUR REPLACEMENT POLICY

ALL EVENTS: A DR, VIR, or a notified TO can be replaced by an alternate from a list of contestants that were drawn out as a result of using the “no same day” or “no same performance” preferences or due to qualifications or permit maximum, as long as the notification is made through PROCOM at least 30 hours prior to the scheduled performance (or slack) in which the contestant is being replaced. Notifications made after the “30-hour” deadline will not be replaced and notifications on record with PROCOM at the 30-hour deadline will be final. Replacements must be made prior to the first go-round of competition. In the team roping, a team will only be replaced if both partners of the team notify a DR, VIR, TO or DO following the same guidelines as applied in the other events. If only one member of the team notifies and his partner chooses to compete, his partner can find a replacement partner per rule R6.4. If stock has already been drawn in the riding events, the judges will draw an animal for the alternate contestant, after the TO deadline for that performance, from a pool consisting of the animal drawn by the contestant that he is replacing, any other turned out animals (which includes NTO’s, DR’s, and VIR’s), and the first designated re-ride for that performance that is still available. If stock has not yet been drawn, the contestant will be drawn an animal by PROCOM during the scheduled stock draw time. Animals that are turned out (includes NTO’s, DR’s, and VIR’s) will not be included in the re-ride draw until after the TO deadline (3 hours prior to the performance) and replacements for that performance have been made, to insure that there are the same number of animals and contestants for that performance.

ALTERNATE LIST (for events that add \$5,000 or more)
Contestants who were drawn out due to using the “NSD” or “NSP” preferences or who were drawn out due to using the “replace me if I don’t get my preference” parameter will be the first to be considered

as alternates in the order that they originally qualified for the rodeo or event. Contestants who entered during the original entry period and were drawn out due to qualifications will be considered next. For rodeos or events that start prior to May 1, 2024, alternates will be selected based on 2023 money won. For rodeos or events that start on or after May 1, 2024, alternates will be selected based on 2024 money won, as of 7 days prior to entry closing. If an alternate is scheduled to compete at another PRCA rodeo or event during a performance that has a “same day” conflict with the position for which he is being considered as a replacement, he will not be eligible to be an alternate for that position. If a contestant does not accept an available position or is not eligible for a position due to a conflict during a performance, he will remain on the alternate list in the same order for any other positions that may become available. If the alternate accepts a position, he must turn out of the conflicting position at that time.

ALTERNATE LIST (for events that add less than \$5,000)
Contestants who were drawn out due to using the “NSD” or “NSP” preferences or who were drawn out due to using the “replace me if I don’t get my preference” parameter will be the first to be considered as alternates in the order that they originally qualified for the rodeo or event. Next in the order, on the alternate list, will be a random draw of all contestants with “money won”, followed by a random draw of all contestants with no “money won”. Only contestants who entered during the original entry period will be considered as alternates.

Due to “featured” events and “equal money” in the team roping, some rodeos may be using both types of alternate lists for different events.

RE-ENTRIES POLICY

Each committee will have the option to implement the “Re-entries Policy” at its rodeo at the time of approval.

RIDING EVENTS: Re-entries will be accepted at limited entry rodeos where the actual entries accepted during the original entry period were less than the limit. Also, if there was not a limit for an event, and there were not enough entries after the original entry period to place at least 12 contestants in each performance, re-entries will be accepted. A time period will be designated and published in the Business Journal in the ground rules of each rodeo for the entries to be re-opened sometime prior to the riding event stock draw. Contestants that enter during the re-entry period will be placed in the remaining available positions. All re-entries will be accepted to fill the performances not to exceed the original limit defined in the ground rules (based on “money won” qualifications) or 12 per performance at a rodeo that did not limit its entries (based on a random draw.)

TIMED EVENTS: Re-entries will be accepted for events that did not have enough entries to place at least 10 contestants in each performance. Contestants that enter during the re-entry period will be placed in the remaining available positions. All re-entries will be accepted to fill the performances not to exceed the original limit defined in the ground rules (based on “money won” qualifications) or 10 contestants per performance at a rodeo that did not limit its entries (based on a random draw.)

ALL EVENTS: A contestant that re-enters will not be placed in a position that conflicts with his position at another PRCA rodeo or event. Further, a contestant placed in slack during the original placement of a rodeo may request a trade into an open position in a paid performance during the re-entry time. Re-entries will not be accepted if an event is declared “no contest” due to the lack of entries at the original entry closing time.

At the sole discretion of the PRCA, a re-entry may not be accepted.

Rodeo Entry Information

WALK-UP REPLACEMENT POLICY

Committees will have the option to implement the following “walk-up” replacement policy to the ground rules of their rodeo: “In addition to the ‘30-hour replacement’ policy, Procom will replace TO’s, DR’s, VIR’s, and DO’s in compliance with the ‘30-hour replacement’ policy up to the turn out deadline for each performance (3 hours prior to the performance). At this point in time, the secretary will receive the notified TO’s and DR’s for that performance along with the alternate list established by Procom for each event in which contestants were drawn out due to qualification or due to using the ‘no same day’ preference or the ‘or out’ parameter. All TO’s, DR’s, and VIR’s (including contestants who notified after the 30-hour deadline, but before the 3 hour turn out deadline) may be replaced by contestants on the alternate list. If a riding event contestant turns out or doctor’s releases his position at a rodeo prior to the stock draw for that rodeo and an animal is not drawn for that contestant (see R3.2.1), that position will not be filled by an alternate contestant to insure that there are not more replacement contestants than there are animals available. Contestants who turn out or doctor’s release in a slack will not be replaced, with the exception of a two go-round contest where the 2nd go-round is guaranteed to compete in a performance (the second go-round position cannot be traded to the slack). Contestants who desire to be accepted as alternates must physically check in with the rodeo secretary no later than 2 hours prior to the performance. All alternate contestants will be required to pay entry fees. Stock for the Riding Events will be drawn for the “30 Hour Replacement” and the “Walk Up Replacement” contestants after the check in deadline, from a pool of animals consisting of the animals drawn by the contestants who notified turn outs through Procom (includes DR’s, VIR’s, and DO’s) and the first available designated re-ride for that performance. If more than one position is being replaced within a performance or slack, the order that each are replaced will be determined by random draw. If more contestants check in with the rodeo secretary than there are positions available, the contestants accepted will be determined by their order on the alternate list (established by Procom). A contestant who did not enter the rodeo and who does not have a position on the alternate list, can also check in with the rodeo secretary prior to the walk up deadline by presenting his current active PRCA membership card to the rodeo secretary. If more contestants who are not on the alternate list check in with the secretary than there are positions available, a random draw by the judges will determine which alternates will be accepted. After all of the turned out positions have been replaced by contestants who did have a position on the alternate list, any remaining turned out positions may be filled by current active PRCA contestants who did not have a position on the alternate list and who did check in with the rodeo secretary by the walk up deadline. If a contestant, who was not originally entered in the rodeo, is ineligible and competes at the rodeo, will have any money owed to the PRCA retained by the PRCA from his money won at that rodeo. Contestants who are placed in a position at another PRCA rodeo or event on the same day as the position being replaced will not be eligible to be an alternate for that position with the following exception. A contestant can compete at a rodeo as a replacement and at another rodeo with a “same day” conflict as long as he does not turn out of either rodeo. The contestant must notify the secretary that he has already competed at the conflicting rodeo or will actually be competing at the conflicting rodeo that is flagged on the secretary’s alternate list and therefore will be eligible to be used as an alternate. For example, if a contestant competes during a performance or slack at one rodeo then arrives and physically checks in with the rodeo secretary prior to the “walk up” deadline at another rodeo with a same day conflict, he will be allowed to compete at both rodeos. Or a contestant may be used as an alternate at one rodeo and then compete at another rodeo with a same day conflict in which he was already entered as long as he competes at both and does not turn out of the conflicting rodeo. Conflicting positions for each alternate will also be flagged with an “X” on the alternate list. A contestant will be responsible to know his conflicting rodeos and will be disqualified and fined \$100 if he checks in with the secretary and competes as a replacement and then turns out of the rodeo with the “same day” conflict. Positions at other rodeos that are turned-out will be considered conflicts.

STOCK DRAW AT TOUR RODEOS

Riding event stock for “Tour” rodeos will be drawn 7 days prior to the first performance of the rodeo with the following exception. If the stock contractor or a sub-contractor for a given rodeo is supplying stock for another rodeo that is not completed prior to the stock draw 7 days prior to the given rodeo, stock for the given rodeo will be drawn per the PRCA Rule Book (no later than 72 hours prior to the first performance).

Rodeo Entry Information

ATTENTION CONTESTANTS

NSD (“NO SAME DAY”) AND NSP (“NO SAME PERFORMANCE”) PREFERENCES

The NSD (“No Same Day”) and NSP (“No Same Performance”) preferences can ensure that a contestant will not be placed to compete at two or more different PRCA rodeos either on the same day or within the same performance time frame. For the purpose of the NSP (“No Same Performance”) preference, performance (or slack) start times will be defined as: 12:00 AM through 11:59 AM as a morning performance or slack, 12:00 PM through 5:59 PM as a matinee performance or slack, and 6:00 PM through 11:59 PM as a night performance or slack. Only conflicts with other PRCA sanction rodeos or events will be

checked. Conflicts with Canadian rodeo will NOT be checked.

The contestant must give, at the time of entry, a specific performance or slack, generic slack, or the middle as a first preference to use the NSD or NSP as a second preference. Conflicts will not be checked if a contestant receives his first preference (the contestant will be responsible for not creating a conflict by giving a conflicting first preference). If a contestant does not receive his first preference, he will be placed in the first available non-conflicted position or be drawn out (if a non-conflicted position is not available), if and only if he gives an NSD or NSP as a second preference. Only the first go-round of a two or more go-round rodeo will be checked for conflicts with the exception of back to back formats or where the second or subsequent go-round cannot be traded. If trades for subsequent go-rounds at a specific rodeo will not be allowed, conflicts will be checked for all go-rounds at that rodeo (this does not apply to progressives and finals). Where the PRCA rulebook allows, second and subsequent go-round trades will be done through the rodeo secretary. If the NSD or NSP is used while entering a given rodeo, only the original position (drawn by PROCOM) at a rodeo with conflicting dates will be checked for conflicts, if a first go-round trade has not been finalized and processed by PROCOM. Once the first go-round trade has been verified and processed by PROCOM, then conflicts with the new traded position can be checked.

If a NSD or NSP preference is used, a contestant will not be placed in a conflicted position, he will be drawn out. If any one contestant in a buddy group has a conflict, the entire buddy group will be drawn out. If either team roping partner has a conflict, both team roping partners will be drawn out. This does not apply to multi-event buddy groups, since the same performance or slack in all events is not always guaranteed. The contestant may receive a non-conflicted position in one event and not in another. In this case the contestant can add a parameter with his entry at the time of entry to “draw out of all events, if drawn out of one due to the NSD or NSP preferences.”

For rodeos that have conflicting dates, the entries for the rodeos with the largest amount of total added money will generally close first. Therefore, a contestant will be placed in a rodeo with a larger purse first and then placed in the rodeo with the smaller

purse if a non-conflicting position is available. Contestants who give slack as a first preference are no longer required to give a performance as a second preference. Instead,

contestants will also be allowed to give a specific slack, generic slack, or the middle for their first preference and another specific slack for a second preference. All other preferences and parameters that have been allowed in the past will remain the same.

X-BULLS EVENTS WITH A FINALS

GROUND RULES: The 30-Hour and Walk-Up Replacement Policies will be in effect. The check-in deadline for Walk-Up Replacements will be one hour prior to the performance.

ALL CONTESTANTS: Re-entries will be accepted for available positions on XXX, XXX XX between 9:00 AM and 11:00 AM. See Rodeo Entry Information page of the Business Journal.

TRADE DEADLINE: (if two performances) XXX, XXX XX at 5:00 PM. All confirmed trades will be final and processed immediately after both involved parties have confirmed through PROCOM.

GRACE PERIOD: will expire one hour after entries close.

FORMAT: XX minimum entries. One go-round with a top XX finals (will not exceed XX). If there are not XX qualified rides in the first go-round to fill the finals all remaining positions will be filled based on a random draw back list established by the judges prior to the start of the event. If ties result in more than 12 to advance to the finals the back judge will break the tie. If the back judge cannot break the tie, the random draw back list will determine which of the tied contestants will advance.

QUALIFICATIONS: Qualifications will be listed in the long listings for each individual X-Bulls Event. No Exemptions. A contestant will not be accepted as an entry at an X-Bulls Event if he is already placed in a position at another PRCA rodeo or event on the same day as the X-Bulls Event. If a contestant turns out of a PRCA rodeo that has a same day conflict as the X-Bulls Event, and competes at the X-Bulls Event, he may be disqualified at the X-Bulls Event.

CHECK-IN: Contestants must check-in or notify the rodeo secretary one hour prior to the start of the performance. Failure to do so may result in an alternate contestant being selected and allowed to compete. Animals that were drawn by contestants who did not check in by the deadline and were replaced by alternate contestants will be included in the draw for replacement contestants.

ALTERNATES: Alternates will be selected based on previous year money won for events occurring prior to May 1 or current year money won (as of 7 days prior to entry closing) for events on May 1 or later. A contestant who is placed in a position at another PRCA rodeo or event that conflicts with the X-Bulls Event will not be eligible to be used as an alternate. Contestants may check-in with or call the rodeo secretary no later than one hour prior to the start of the event to confirm his availability and desire to be an alternate. If selected, the alternate will assume the competition position of the contestant that he is replacing. If there are more than one available position, random draw by the judges will determine which position will be filled by the alternate contestant(s). Alternate contestants who accept a position as a "30 Hour" replacement after being contacted by Procom will be informed that their stock will be determined by a judge's draw. The stock for the "30 Hour" and Walk-Up" replacements will be drawn by the judges after the "Walk-Up" replacement deadline which is one hour prior to the event from a pool of animals that will include all the animals that were notified through Procom as turn outs (includes DR's and VIR's), any animals that were drawn by contestants who did not check in by the deadline and were replaced, and the designated re-ride(s) only if needed. If a contestant turns out (notified or non-notified) or visible injury releases, he will be responsible to pay entry fees whether he is replaced or not. The alternate contestant will also be responsible to pay entry fees. Also, if a contestant turns out of an X-Bulls Event and is not replaced, he will receive a \$250 fine (does not include DR's and VIR's).

STOCK DRAW: Stock will be drawn no later than 72 hours prior to the performance. The Event Representative may designate the re-ride animals. The event will count towards the official rodeo count for any contestant who turns out after stock callbacks.

FINALS STOCK: The order of the bulls to be used in the finals will be randomly drawn by the judges and listed in order on the judges' sheets prior to the first go-round of competition. The contestant with the lowest score will be placed first on the list and the contestant with the highest score will be placed last on the list with an animal already drawn to that position. The order of any ties will be randomly drawn by the judges.

RE-RIDES: After all replacements have been made, any remaining available animals that were notified as turn-outs (includes DR's and VIR's) will be used prior to using the designated re-ride(s).

PAYOFF: 6% of the total amount (added money plus entry fees) will be deducted prior to the payoff and sent in with the results. Of the remaining amount, 30% will be allocated to the long go-round (pays 8 places), 20% will be allocated to the finals (pays 6 places), and 50% will be allocated to the average (pays 8 places). All percentages will be divided in accordance with the Rule Book. Contestants who did not have a qualified score in the long go-round and are drawn back to compete in the finals will be eligible to place in the average. Money won by any contestant in the finals will count towards PRCA World Standings, X-Bulls Standings, and Rookie of the Year Standings.

NOTE: In order for money won at X-Bulls Events to count towards PRCA World Standings and Rookie of the Year Standings, a contestant must have competed at a minimum of 40 PRCA rodeos during that current rodeo season. Money won will count towards X-Bulls Standings for that respective X-Bulls season. Money won will not count towards All Around or Circuit Standings, nor will the event be applied to a contestant's required participation count.

NOTE: Any deviation from these ground rules will be listed in the long listings of the Business Journal for that specific X-Bulls Event.

X-BULLS EVENTS WITH NO FINALS

GROUND RULES: The 30-Hour and Walk-Up Replacement Policies will be in effect. The check-in deadline for Walk-Up Replacements will be one hour prior to the performance.

ALL CONTESTANTS: Re-entries will be accepted for available positions on XXX, XXX XX between 9:00 AM and 11:00 AM. See Rodeo Entry Information page of the Business Journal.

GRACE PERIOD: will expire one hour after entries close.

FORMAT: XX minimum entries. One go-round. May be two go-rounds, back to back, same performance, depending on the number of entries. If two go-rounds, the number of entries accepted during the re-entry period will not exceed one half the original limit.

QUALIFICATIONS: Qualifications will be listed in the long listings for each individual X-Bulls Event. No exemptions. A contestant will not be accepted as an entry at an X-Bulls Event if he is already placed in a position at another PRCA rodeo or event on the same day as the X-Bulls Event. If a contestant turns out of a PRCA rodeo that has a same day conflict as an X-Bulls Event, and competes at the X-Bulls Event, he may be disqualified at the X-Bulls Event.

CHECK-IN: Contestants must check-in or notify the rodeo secretary one hour prior to the start of the performance. Failure to check in may result in an alternate contestant being selected and allowed to compete. Animals that were drawn by contestants who did not check in by the deadline and were replaced by alternate contestants will be included in the draw for replacement contestants.

ALTERNATES: Alternates will be selected based on previous year money won for events occurring prior to May 1 or current year money won (as of 7 days prior to entry closing) for events on May 1 or later. A contestant who is placed in a position at another PRCA rodeo or event that conflicts with the X-Bulls Event will not be eligible to be used as an alternate. Contestants may check-in with or call the rodeo secretary no later than one hour prior to the start of the event to confirm his availability and desire to be an alternate. If selected, the alternate will assume the competition position of the contestant that he is replacing. If there are more than one available position, random draw by the judges will determine which position will be filled by the alternate contestant(s). Alternate contestants who accept a position as a "30 Hour Replacement" after being contacted by Procom will be informed that their stock will be determined by a judge's draw. The stock for the "30 Hour" and Walk-Up" replacements will be drawn by the judges after the "Walk-Up" replacement deadline which is one hour prior to the event from a pool of animals that will include all the animals that were notified through Procom as turn-outs (includes DR's and VIR's), any animals that were drawn by contestants who did not check in by the deadline and were replaced, and the designated re-ride(s) only if needed. If a contestant turns out (notified or non-notified) or visible injury releases, he will be responsible to pay entry fees whether he is replaced or not. The alternate contestant will also be responsible to pay entry fees. Also, if a contestant turns out of an X-Bulls Event and is not replaced, he will receive a \$250 fine (does not include DR's and VIR's).

STOCK DRAW: Stock will be drawn no later than 72 hours prior to the performance. The Event Representative may designate the re-ride animals. The event will count towards the official rodeo count for any contestant who turns out after stock callbacks.

RE-RIDES: After all replacements have been made, any remaining available animals that were notified as turn-outs (includes DR's and VIR's) will be used prior to using the designated re-ride(s).

PAYOFF: 6% of the total amount (added money plus entry fees) will be deducted prior to the payoff and sent in with the results. Payoff will be in accordance with the PRCA Rule Book.

NOTE: In order for money won at X-Bulls Events to count towards PRCA World Standings and PRCA Rookie of the Year Standings, a contestant must have competed at a minimum of 40 PRCA rodeos during that current rodeo season. STOCK DRAW: Stock will be drawn 3 hours prior to each performance by the judges. Re-rides and the re-ride order will be designated by the stock contractor. Any animal turned-out in a performance will automatically become the first re-ride prior to using the designated re-rides. If more than one animal is turned-out in a performance, a random draw will determine which animal will be the first re-ride. The bonus round stock will be designated by the stock contractor.

NOTE: In order for money won at this event to count for qualifying for the 2025 National Finals Rodeo or the 2025 Rookie of the Year Standings, a contestant must have entered and competed at a minimum of forty (40) PRCA rodeos during the 2025 rodeo year. The qualifying rodeos are the Deadwood Stand Alone SR event (August 17-18), and the West Texas Fair and Rodeo in Abilene, TX (Sept.

If an animal is drawn for competition but turned out for any reason by a contestant, including notified turnout, non-notified turnout, doctor release, visible injury or draw out, it will count as an out. If an animal is drawn for competition but removed by the contractor for any reason, including sickness, or injury lameness, it will not count towards the minimum number of outs. Animals selected as first reride will count towards the minimum number of outs. All other rerides will not count unless that animal is competed on at the rodeo in which it was selected as a reride. Outs at the previous year's NFR, will not count toward the minimum number of outs.
