

Morticers

370W Bench Morticer

Model: 01942

Excellent build quality and easily transportable. Cast iron construction for accuracy and professional quality performance

- Morticing Capacity: 6 - 12mm
- 76 mm Max chisel stroke
- 120 mm Max workpiece height
- 65 mm Max chisel to fence
- Supplied with a 12mm chisel & bit

Bench Morticer

Model: 01944

A robust bench morticer comes with precision machined cast iron compound table. Supplied with a 1/2" (12.7mm) chisel & bit

- Gas strut for smooth action
- Cast iron construction
- 40mm Longitudinal table movement
- 100mm Lateral table movement
- 230V (13amp) domestic power supply
- 370W (0.5hp) motor
- 130mm Chisel stroke
- 50mm Max spindle to fence
- 100mm Max chisel to table
- 80mm Max clamping width
- 6 - 16mm (1/4" - 5/8") chisel capacity

Heat Guns

1600W Heat Gun DURATOOL

NEW

Model: D03199

- Powerful heat gun
- Mica Heating Element
- 2 Temperature settings
- 2 Air-flow settings
- Protection against over-heating
- Hanging hook for easy storage
- Power Output: 1600W/2000W
- Temperature settings: 450/600°C

Contents: Heat gun and plastic case

2000W Heat Gun DURATOOL

NEW

Powerful heat gun with adjustable temperature and airflow for more control when working. The heat gun's LCD display gives accurate and precise readings of the temperature that the gun is operating at.

Model: D03200

- Ceramic heating element
- LCD digital temperature display and control
- Adjustable temperature and air flow
- Protection against over-heating
- Remembers the last setting used for quick start-up
- Comfortable soft grip handle
- Temperature settings: 50 - 650°C

Contents: 2kW Heat gun and plastic case

1600W 2-Speed Heat Gun

Model: HL1610

- Entry level model for standard hot air applications
- Ideal for drying plasterwork, thawing frozen water pipes, stripping paint, drying paint, shrinking cable heat shrink sleeves
- 1600W 2 Speed brush motor
- Two-stage airflow/temperature switch
- Double overheat protection, thermostat & thermal cut-out (restable)
- Mica heating element

350W Compact Hot Air Gun

Model: HL STICK

An ideal heat gun for most precise tasks, from model making & craft work to tricky jobs. Steinel's HL Stick is one of the most compact heat guns on the market, featuring a slim design that handles more like a pen or paintbrush than a powerful heat dispensing tool. Small enough to be used in restricted spaces & cavities, the heat gun is also fitted with a stable standing surface, allowing for hands free working.

- Integrated LED work light
- Compact design with powerful 350W motor
- Temperature range - 400 °C / 500 °C
- Weight - 0.572 kg
- Precision nozzle (4.5 mm in diameter) can heat workpieces with pinpoint accuracy
- The two reflector nozzles (10 mm and 40 mm in diameter) make it possible to fit heat-shrinkable tubings in all sizes - from spot heating to heating large areas
- Supplied with 4 nozzles
