JULY 23-24, 2022

CZECH NATIONALS OPEN 2022

1ST RANGE/OLEŠKO

Oleško is an open-air range with three stages of different lengths up to 300m and 360 degrees of shootable area. Covered facilities, refreshment and parking are available directly at the shooting range.

How to Reach us

Drive the D8 highway from Prague towards Usti and Labem and take the exit 35 towards Terezin. Continue driving about 10 more minutes through Doksany and Hrdly. Once you have crossed the bridge over the railway, turn right towards Oleško. In Oleško, follow the signs saying "Střelnice". Total driving time from Prague should not exceed 30 minutes.

2ND RANGE/SKALICE

With its 250m meter long main open-air range and several separated smaller ranges built into its edges, Skalice provides the competitive shooters with unlimited possibilities. Comfortable facilities and covered gathering area are available at the range and parking is possible within walking distance.

How to Reach us

Drive the D8 highway from Prague towards Usti and Labem and take the exit 48. Follow the road to Litomerice and Zitenice. After you leave Zitenice, you need to turn right at these coordinates: 50.5670233N, 14.1424750E and follow the road through the forest and up the hill.

JULY 23-24, 2022

CZECH NATIONALS OPEN 2022

Both shooting ranges are “cold range” type.

All shooters must **comply with Czech laws** concerning the transport and use of firearms and ammunition.

Eyes and ears protection is mandatory at all times for everybody present at the shooting ranges.

Children and minors must be supervised all the time by an adult.

Firearms can only be handled in “**Safety Areas**” (marked on each range), within bays only under direct supervision of an SO, only on command. Handling the firearm outside the aforementioned circumstances will result in disqualification from the Match.

Aiming the muzzle of the firearm over the safety limits indicated in the CoF, will result in disqualification from the Match.

Courtesy firearms and equipment check

There will be courtesy firearms and equipment check that you can attend before registering for the match.

Traveling to Czech Republic with Firearms

Sport shooters may travel without firearms waybill, provided that their firearms are listed in their European firearms pass and they are able to give purpose of their travel, especially by presenting an invitation.

If traveler's firearms are listed in his European firearms pass, his invitation doesn't have to be officially verified. On the other hand, it's highly recommended to have a written invitation, which definitely simplifies the verification of the purpose of the travel.

The invitations will be provided to all foreign competitors on request.

Accommodation and Refreshment

We recommend that the shooters coming from afar book their accommodations in advance with booking.com or a similar service in one of the cities nearby, such as Litomerice, Terezin or Roudnice nad Labem. If you want to visit some of the sights in Czech Republic, be advised that Prague is about one hour drive from Olesko shooting range and is therefore in commuting distance.

Variety of food and non-alcoholic drinks will be available for the shooters and visitors to buy during the whole duration of the main event on both shooting ranges and will be free of charge for the SOs.
