Polish Gazetteers and Maps Online

Purpose
Gazetteers and maps help you determine the location, jurisdiction and where a person’s records might be found. Fortunately, many are readily available online. This session deals with those that cover the territory of historical Poland.

**GAZETTEERS** (plane name dictionaries or place lists that can be used as substitutes)

**German Partition**
Pre WWI postal directory that identifies civil jurisdiction and places where religious congregations were located

- The typeface is Gothic. It will take a little study to learn to read Gothic print.
- Many terms are abbreviated to save space.
- Entries for places with the same name are numbered.
- Key abbreviations are:
  - Common place types: D. – Dorf (village); St. – Stadt (city); Wlr. – Weiler (hamlet)
  - Jurisdiction types: Kr. – Kreis (county), StdA. – Standesamt (civil registry)

Access:

- Pertains only to the Prussian states of Germany
- Gives Roman Catholic and Lutheran Church jurisdictions for each locality
- Index for each volume provides the district and entry numbers (not page numbers)

Access:
- Books at Family History Library (943 E5kp)
- Images for Posen and Westpreussen at <http://fbc.pionier.net.pl/owoc/oai-hosts>. All volumes being prepared for delivery to BYU Family History Archives.

**Austrian Partition**

Pre WWI census directory that identifies civil and church jurisdictions, and provides the German, Polish, and Romanian variants of place names

- There is an index at the end of each volume.
- Entries are arranged by district and sub-district and the format is columnar.
- Parish or synagogue location is not listed in the main text but is given in the appendix, found in each volume between the place entries and the index.
  - The appendix is arranged alphabetically by district and sub-district.
  - Parish or synagogue location is given in the last column: Standort der röm.-kath., gr.-kath. und isr. Matrikelstellen (place kept records of the Roman Catholics, Greek Catholics, and Jews).

Access:
- Family History Library microfilms
  - Galizien/Galicia (1,187,928)
  - Schlesien/Silesia (1,187,927)

**Russian Partition**

Second Republic of Poland (1918-1939) gazetteer that provides church jurisdictions and the Polish names for places held by Poland between the World Wars and that previously belonged to the Kingdom of Poland

Access:
• Images at <http://www.wbc.poznan.pl/dlibra/docmetadata?id=12786>. Need to download a viewer (called DJVu Browser) to see the images.
• Family History Library microfilm (1,343,868)

Access:
• Images at <http://www.mimuw.edu.pl/polszczyzna/SGKPi/indexse2.html#x3-50002>. Need to download a viewer (called DJVu Browser) to see the images. Done by the University of Warsaw.
• Family History Library microfilms:
  o V. 1 As-Dereneczna (920,957) V. 2 Derenek-Gżack (920,958)
  o V. 3 Haag-Kępy (920,959) V. 4 Kęs-Kutno (920,960)
  o V. 5 Kutowa-Malczyc: (920,961) V. 6 Malczyce-Netreba (920,962)
  o V. 7 Netreba-Perepiat (920,963) V. 8 Perepiatycha-Pożaście (920,964)
  o V. 9 Pożaście-Rukszenice (920,965) V. 10 Rukszenice-Sochaczew (920,966)
  o V. 11 Sochaczew-Szlurbowska Wola (920,967)
  o V. 12 Szlurpksiszki-Warlyńska (920,968) V. 13 Warmbrunn-Worowo (920,969)
  o V. 14 Worowo-Żyżyn (920,970)
  o V. 15, Addendum Ababi-Januszowo (920,971)
  o V. 15, Addendum Januszpol-Śniatyn (920,972)

ShtetlSeeker provides variants spellings and historical jurisdictions for places with Jewish populations which covers many places for all ethnic groups
Access:

Kartenmeister is a database of 77,762 locations east of the Oder and Neisse rivers
• Based on the borders of the eastern provinces in Spring 1918
• Includes the following German provinces: East Prussia (including Memel), West Prussia, Brandenburg, Posen, Pomerania, and Silesia.
Access:
• Found at <www.kartenmeister.com>.

MAPS

Polish maps for period between WWI and II
• Wojskowy Instytut Geograficzny maps, rated in the 1930s among best in the world.
• Maps concern pre-WWII Poland and can be used to locate villages which have long disappeared from the ground and cannot be found on modern maps.
• Indexed at <igrek.amzp.pl/>. Site known as MAPSTER.
Access:

**Germans maps for the pre WWI German Empire**

• This map set uses Ferro as the Prime Meridian, which is 17˚ 39' 44"degrees west of Greenwich.

**Access:**

• Images also at <http://www.posselt-landkarten.de/index_ostgebiete.htm>. Done by the Bundesamt für Kartographie und Geodä.
• Family History Library microfilm (68,814)

**Austrian maps for the pre-WWI Central and Eastern Europe**

• Covers central/south Poland and provides Germans names for the Austrian and some of the German partition.
• The maps are commonly referred two by longtitude and latitude and are named by the principal town located on the map.
• This map set uses Ferro as the Prime Meridian, which is 17˚ 39' 44"degrees west of Greenwich.
• Not indexed.

**Access:**

• Images at <http://lazarus.elte.hu/hun/digkonyv/topo/3felmeres.htm>. Done by the Eötvös Loránd University ’s Department of Cartography and Geoinformatics in Hungary
• Family History Library microfilm (1,181,580)

**US Army Maps for post-WWII Poland**

**Access:**

• Images at <http://www.lib.utexas.edu/maps/ams/western_europe/>. 

**Polish Modern Maps**

**Access:**

• Images at <mapa.szukacz.pl/>. This site pinpoints a location in modern Poland.
• You can zoom in from 512 to 2 m.
• There is a distance calculation tool that becomes operational after you search for a place. For instance, select 384 mm and enter Olstyn in the search box (Miejscowość). When you hover the cursor over Suwałki, you will see 167 km in the lower right hand corner of the map labeled Odległość.
Supplement

Müllers
- **Part 1**: Lists German spelling of localities and translates them into the present language of the country where the town is located (as of 1958).
