

JOSE RAUL MONTES

Eyes & Facial Rejuvenation

Dear Patient:

We would like to thank you for your patronage and loyalty to our practice.

During the last year we have expanded our services, providing more treatment options, thereby increasing our clientele. Our practice's growth has created a limitation on space availability for appointments.

It is of the utmost importance that our patients are pleased with excellent services, and it is our priority to do everything possible to accommodate their requests when contacting our office to schedule appointments.

Therefore, in order to continue providing you with the best service and have a date that is convenient for you, we ask that you program your appointments well in advanced, preferably planning them for the entire year. This enables us to coordinate our resources and the availability of our providers who dedicate essential time to care for your skin, according to the plan that has been individually designed especially for you.

We appreciate your understanding and cooperation in this regard.
