

**VertaLoc®**  
Ankle Foot Orthosis

**SUPPORT FOR AN ACTIVE LIFESTYLE**

PDAC approved for  
HCPCS Code **L1906**

Model # VL307AAB

**Active Ankle Brace**

PDAC approved for  
HCPCS Code **L1971**

Model # VL305PAB

**PRO Ankle Brace**

Our VertaLoc® ankle braces are designed to provide maximum support due to injury and instability of the ankle and foot. Both braces control position and motion of the ankle, immobilize the ankle and lower leg for patients with arthritis and fractures. The PRO ankle brace has an extension that runs from the ankle to near the top of the calf for additional support.

**INDICATIONS FOR USE:**

- Acute and chronic ankle sprains
- Chronic ankle instability
- Posterior tibial tendonitis
- Osteoarthritis
- Peripheral neuropathy

\*VertaLoc® PRO is designed to fit the left or right leg
