(the "Exchange" or the "EDGA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Purpose

Currently, a rebate of \$0.0027 per share is provided to Members who add liquidity on the EDGX Exchange, Inc. (“EDGX”) via an EDGA-originated ROUC routing strategy, as defined in Exchange Rule 11.9(b)(3)(a), during Regular Trading Hours.⁴ This situation yields Flag P. The Exchange proposes to apply Flag P’s rebate to the Pre-Opening Session⁵ and Post-Closing Session⁶ so that Members may earn the same rebate for adding liquidity on EDGX as they earn during Regular Trading Hours, which is defined as “pre & post market” in EDGA’s fee schedule.

The Exchange proposes to implement this amendment to its fee schedule on October 24, 2011.

Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁷ in general, and furthers the objectives of Section 6(b)(4),⁸ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities.

⁴ See EDGA Exchange Rule 1.5(w).

⁵ See EDGA Exchange Rule 1.5(q).

⁶ See EDGA Exchange Rule 1.5(p).

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(4).

The Exchange believes that the rebate for Flag P of \$0.0027 per share is an equitable allocation of reasonable dues, fees, and other charges. During the Pre-Opening Session and the Post-Closing Session, the ROUC strategy is the only means for Members to post liquidity to an away exchange. The ROUC routing strategy checks the System for available shares and then is sent sequentially to destinations on the System routing table, Nasdaq OMX BX, and NYSE. If shares remain unexecuted after routing, they are posted to EDGX. The rebate is designed to incentivize Members to also route through EDGA during the Pre-Opening Session and the Post-Closing Session to reach multiple sources of liquidity before routing to other low cost destinations, and thereby potentially increases volume on EDGA to the extent an order using the ROUC routing strategy executes on EDGA. The rebate allows Members to reach multiple sources of liquidity by routing order flow through EDGA rather than going directly to various venues. The rebate also provides Members with a flat rate of \$0.0027 per share rebate if the ROUC routing strategy posts to EDGX. When the Exchange's routing broker/dealer, Direct Edge ECN LLC d/b/a DE Route ("DE Route") achieves certain tiers on EDGX, it is able to pass through a better rebate than if it had not achieved a tier.⁹ For example, if the Member had routed to EDGX directly and the order had added liquidity to EDGX, the Member could receive rebates ranging from \$0.0023 - \$0.0034, depending on if a volume threshold were satisfied.¹⁰ The \$0.0027 per share rebate thus represents a rate in between these various tiered and non-tiered rebates provided for adding liquidity to EDGX. This allows EDGA Members to share in potential volume tier savings realized by DE Route when it achieves certain tiers.

⁹ See EDGX fee schedule, footnote 1.

¹⁰ Id.

This type of rate is also similar to EDGA's rate for removing liquidity from LavaFlow (Flag U). The standard removal rate of \$0.0029 per share is reduced to \$0.0023 per share for orders routed to LavaFlow that achieve certain volume thresholds, as EDGA Members are able to share in potential volume tier savings realized by EDGA when routing to LavaFlow.¹¹ This rebate is also comparable to other rebates offered by the Exchange that add liquidity, such as the ROOC¹² routing strategy, which yields Flags 8 and 9.¹³ For Flags 8 and 9, the Exchange passes through the default rebate (i.e, non- tier) from the primary listing market (i.e, NYSE Arca, NYSE Amex) to Members because DE Route does not generally achieve a favorable tier rate. This rate is also consistent with the processing of similar routing strategies by EDGA's competitors where EDGA takes into account the rates that it is charged or rebated when routing to other low cost destinations.¹⁴ Finally, as another example, when EDGA routes to a primary exchange's opening cross, (Flag O), the Exchange passes through the tier savings that DE Route achieves on an away exchange to its Members.¹⁵ This tier savings takes the form of a cap of Members' fees at \$10,000 per month for using Flag O.

¹¹ See footnote 6 of the EDGA fee schedule.

¹² See EDGA Exchange Rule 11.9(b)(3)(n).

¹³ See the EDGA Fee Schedule where Flag 8 offers a rebate of \$.0015 where a member routes an order to NYSE Amex using the ROOC routing strategy and adds liquidity, and Flag 9 offers a rebate of \$.0021 where a member routes an order to NYSE Arca using the ROOC routing strategy and adds liquidity.

¹⁴ See also BATS BZX fee schedule, describing Discounted Destination Specific Routing ("One Under") to NYSE, NYSE ARCA and NASDAQ. See Securities Exchange Act Release No. 62858, 75 FR 55838 (September 14, 2010) (SR-BATS-2010-023) (modifying the BATS fee schedule in order to amend the fees for its BATS + NYSE Arca destination specific routing option to continue to offer a "one under" pricing model).

¹⁵ See footnote 5 of the EDGA fee schedule.

The Exchange believes that the rebate of \$0.0027 is reasonable as it is consistent with how other exchanges pass through charges or rebates for orders routed to a different exchange that add liquidity. For example, when Nasdaq routes to Nasdaq PSX, Nasdaq passes back Nasdaq PSX's standard charge of \$0.0027 per share. When NYSE Arca routes to NYSE, NYSE Arca passes back the standard NYSE rebate of \$0.0015 per share. These rebates generally approximate what the originating exchange receives from the exchange that is routed to plus or minus a certain differential. EDGA's pricing is consistent with this premise.

The Exchange believes that the proposed rebate is non-discriminatory in that it applies uniformly to all Members.

The Exchange also notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed rates are equitable and non-discriminatory in that they apply uniformly to all Members. The Exchange believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act¹⁶ and Rule 19b-4(f)(2)¹⁷ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
