DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2011-0748; Airspace Docket No. 11-ACE-13]

Amendment of Class E Airspace; Olathe, KS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action removes Class E airspace designated as an extension to Class D, and amends Class E airspace for Olathe, KS. Decommissioning of the Johnson County VHF Omnidirectional Range/Distance Measuring Equipment (VOR/DME) at Johnson County Executive Airport, Olathe, KS, has made this action necessary to enhance the safety and management of Instrument Flight Rule (IFR) operations at the airport.

DATES: Effective date: 0901 UTC, February 9, 2012. The Director of the Federal Register approves this incorporation by reference action under 1 CFR Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone 817-321-7716.

SUPPLEMENTARY INFORMATION:

History

On August 26, 2011, the FAA published in the FEDERAL REGISTER a notice of proposed rulemaking to amend Class E airspace for Olathe, KS, reconfiguring controlled airspace at Johnson County Executive Airport (76 FR 53361) Docket No. FAA-2011-0748.

Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9V dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by removing Class E airspace designated as an extension to a Class D or Class E surface area, and modifying Class E airspace extending upward from 700 feet above the surface, for standard instrument approach procedures at Johnson County Executive Airport, Olathe, KS. Decommissioning of the Johnson County VOR/DME and cancellation of the VOR approach at Johnson County Executive Airport has made reconfiguration of the airspace necessary for the safety and management of IFR operations at the airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Johnson County Executive Airport, Olathe, KS.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air)

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E. O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR Part 71.1 of the Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, and effective September 15, 2011 is amended as follows:

* * * * *

Paragraph 6004: Class E airspace areas designated as an extension to a Class D or Class E surface area.

* * * * *

ACE KS E4 Olathe, Johnson County Executive Airport, KS [Removed]

Paragraph 6005: Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE KS E5 Olathe, Johnson County Executive Airport, KS [Amended]

Olathe, Johnson County Executive Airport, KS

(lat. 38°50'51"N., long. 94°44'15"W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Johnson County Executive Airport.

Issued in Fort Worth, Texas, on November 9, 2011.

Gail L. Kasson, Acting Manager
Operations Support Group
