Product Cancellation Order for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Tables 1 and 2 of Unit II., pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows an April 27, 2011 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II. to voluntarily cancel these product registrations. In the April 27, 2011 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 180-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency did not receive any comments on the notice. Further, the Agency received notice from registrants to withdraw certain cancellation requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations of the products listed in Tables 1 and 2 are effective October 25, 2011.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2010-0014. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S–4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305–5805.

II. What Action is the Agency Taking?

This notice announces the cancellation, as requested by registrants, of 128 products registered under FIFRA section 3 and 108 products registered under FIFRA section 24(c). These registrations are listed in sequence by registration number in Tables 1 and 2 of this unit.

Table 2 contains a list of registrations for which companies paying at one of the maintenance fee caps requested cancellation in the FY 2011 maintenance fee billing cycle. Because maintaining these registrations as active would require no additional fee, the Agency is treating these requests as voluntary cancellations under Section 6(f)(1).

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the April 27, 2011 **Federal Register** notice (76 FR 23588) (FRL-8870-6) announcing the Agency's receipt of the requests for voluntary cancellations of products listed in Tables 1 and 2 of Unit II. A list of products that were included in the April 27, 2011 **Federal Register** notice, but have been omitted from this cancellation order due to previous cancellation or withdrawal by the registrant will be placed in the docket.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellations of the registrations identified in Tables 1 and 2 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Tables 1 and 2 of Unit II. are cancelled. The effective date of the cancellations in Tables 1 and 2 that are subject to this notice is October 25, 2011. Any distribution, sale, or use of existing stocks of the products identified in Tables 1 and 2 of Unit II. in a manner inconsistent with any of the

provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

V. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** issue of April 27, 2011. The comment period closed on October 24, 2011.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

A. Registrations listed in Table 1 of Unit II

The registrants may continue to sell and distribute existing stocks of products listed in Table 1 of Unit II. until [*insert date 1 year after publication of the Cancellation Order in the **Federal Register***], which is 1 year after the publication of the Cancellation Order in the **Federal Register**. Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1, except for export in accordance with FIFRA section 17, or proper disposal. Persons other than the registrants may sell, distribute, or

use existing stocks of products listed in Table 1 of Unit II. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.

B. Registrations Listed in Table 2 of Unit II except CA970032 and FL970008

The registrants may sell and distribute existing stocks of these products until January 15, 2012, 1 year after the date on which the maintenance fee was due. Thereafter, the registrants are prohibited from selling or distributing the pesticides identified in Table 2 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants are allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.

C. Registration Numbers CA970032 and FL970008

Mitigation measures included as part of the Reregistration Eligibility Decision (RED) for methyl bromide are being implemented in two phases. The first phase of mitigation is required to be placed on all product labels in 2011. To ensure that all methyl bromide products in the marketplace have the same protections at the same time, the following are the existing stocks provisions for the cancellation of registration numbers CA970032 and FL970008. The registrants may sell and distribute existing stocks of these products until December 31, 2011. Thereafter, the registrants are prohibited from selling and distributing the pesticides identified in Table 2 of Unit II., except for export

consistent with FIFRA section 17 or for proper disposal. Persons other than registrants are allowed to sell and distribute existing stocks through April 30, 2012. After [insert date of FRN publication], remaining stocks may be used until such stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.
