II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

NASDAQ Options Services LLC (“NOS”), a member of the Exchange, is the Exchange’s exclusive order router. Each time NOS routes to away markets NOS is charged a \$0.06 clearing fee and, in the case of certain exchanges, a transaction fee is also charged in certain symbols, which are passed through to the Exchange. The Exchange currently recoups clearing and transaction charges incurred by the Exchange when Customer, Firm, Market Maker and Professional orders are routed to an away market. At this time, the Exchange is proposing to recoup certain other costs incurred by the Exchange when routing to away markets, such as administrative and technical costs associated with operating NOS, the Exchange’s exclusive order router; the Exchange’s membership fees at away markets; and technical costs associated

with routing.<sup>3</sup> The Exchange is proposing to increase all Customer and Professional Routing Fees. The Exchange is increasing all Customer and Professional Routing Fees by \$0.05 per contract with the exception of the C2 Professional Fee, which is being increased to \$0.55 per contract (instead of \$0.56 per contract).<sup>4</sup> The Exchange is not proposing to amend Firm and Market Maker Routing Fees at this time. The Exchange does not believe it is necessary to increase Firm and Market Maker Routing Fees beyond that which Firms and Market Makers are assessed today for routing away.<sup>5</sup>

As with all fees, the Exchange may adjust these Routing Fees in response to competitive conditions by filing a new proposed rule change. While changes to the Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative on March 1, 2012.

## 2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,<sup>6</sup> in general, and with Section 6(b)(4) of the Act,<sup>7</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that the proposed Routing Fees are reasonable because the fees would allow the Exchange to recoup costs associated with routing both Customer and

---

<sup>3</sup> In addition to membership fees and transaction fees, the Exchange also incurs an Options Regulatory Fee when routing to an away market that assesses that fee.

<sup>4</sup> The Professional Routing Fee to C2 is currently \$0.51 per contract.

<sup>5</sup> Today, Firms and Market Makers are assessed a Routing Fee of \$0.55 per contract when routing to any away market.

<sup>7</sup> 15 U.S.C. 78f(b)(4).

Professional orders to away markets. The Exchange believes that these fees will assist it in recouping costs the Exchange incurs by utilizing NOS, maintaining membership fees at away markets and technical expenses associated with the routing process.<sup>8</sup> The proposed fees also continue to recoup transaction fees assessed by the respective away market, which vary, and standard clearing charges for each transaction, which fees are incurred by the Exchange when routing to away markets. Firms may avoid routing charges by either routing orders themselves directly to the away market that is at the NBBO, or by marking the order with an instruction to not route the order.

The Exchange also believes that the proposed Routing Fees are equitable and not unfairly discriminatory because the fees would be uniformly applied to all Customers and Professionals. The Exchange's proposed fees are calculated to distribute the costs associated with routing among the various away markets. The Exchange determined not to amend the Firm and Market Maker Routing Fees, which are currently the highest Routing Fees (\$0.55 per contract) for each away market. In addition, the Exchange determined to increase the C2 Professional Routing Fee to \$0.55 per contract, instead of \$0.56 per contract<sup>9</sup> in order that the Routing Fee would not exceed those fees currently assessed for Firm and Market Maker orders that are routed to an away market. The Exchange determined that in light of other fees, the current Firm and Market Maker Routing Fees for routing to all away markets are within the range of fees that are proposed for other away markets. The Exchange does not believe that it is necessary at this time to assess additional Routing Fees to Firms and Market Makers to route to an away market.

---

<sup>8</sup> In addition to membership fees and transaction fees, the Exchange also incurs an Options Regulatory Fee when routing to an away market that assesses that fee.

<sup>9</sup> The Exchange is increasing all Customer and Professional Routing Fees by \$0.05 per contract with the exception of the C2 Professional Fee, which is being increased to \$0.55 per contract.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.<sup>10</sup> At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
