I. Funding Opportunity Description

The Indian Health Service (IHS) is committed to encouraging American Indians and Alaska Natives to enter the health professions and to assuring the availability of

Indian health professionals to provide health care services to Indians. The IHS is committed to the recruitment of students for the following programs:

- **The Indian Health Professions Preparatory Scholarship** authorized by section 103 of the Indian Health Care Improvement Act (IHCIA), Public Law 94-437 (1976).
- **The Indian Health Professions Pre-graduate Scholarship** authorized by section 103 of the IHCIA, Public Law 94-437 (1976).
- **The Indian Health Professions Scholarship** authorized by section 104 of the IHCIA, Public Law 94-437 (1976).

Full-time and part-time scholarships will be funded for each of the three scholarship programs.

The scholarship award selections and funding are subject to availability of funds appropriated for the Scholarship Program.

II. Award Information

Awards under this initiative will be administered using the grant mechanism of the IHS.

Estimated Funds Available: An estimated \$14.0 million will be available for FY 2012 awards. Of this estimated \$14.0 million in funding, no more than \$1.0 million will be set aside for Preparatory and Pre-graduate Scholarships, with the remaining balance to be used toward Health Professions Scholarships. The IHS program anticipates, but cannot guarantee, due to possible funding changes, student scholarship selections from any or all of the following disciplines in the 103, 103P

and 104 Programs for the Scholarship Period 2012-2013. Due to the rising cost of education and the decreasing number of scholars who can be funded by the IHS Scholarship Program (IHSSP), the IHSSP has changed the funding policy for Preparatory and Pre-graduate scholarship awards and reallocated a greater percentage of its funding in an effort to increase the number of Health Professions scholarships, and inherently the number of service obligated scholars, to better meet the health care provider needs of the IHS and its Tribal and Urban Indian health care system partners.

Anticipated Number of Awards: Approximately 25 awards will be made under the Health Professions Preparatory and Pre-graduate Scholarship Programs for Indians. The awards are for tuition and fees only and the average award to a full-time student is approximately \$10,701.35. An estimated 280 awards will be made under the Indian Health Professions Scholarship Program. The awards are for 12 months in duration, and will cover both tuition and fees and Other Related Costs (ORC). The average award to a full-time student is approximately \$48,056.05. In FY 2012, an estimated \$9,500,000 is available for continuation awards, and an estimated \$3,500,000 is available for new awards.

Project Period – The project period for the IHS Health Professions Preparatory Scholarship support, tuition and fees only, is limited to two years for full-time students and the part-time equivalent of two years, not to exceed four years for part-time students. The project period for the Health Professions Pre-graduate Scholarship support, tuition and fees only, is limited to four years for full-time students and the part-time equivalent of four years, not to exceed eight years for part-time students.

The IHS Indian Health Professions Scholarship support, tuition, fees and Other Related Costs (ORC) is limited to four years for full-time students and the part-time equivalent of four years, not to exceed eight years for part-time students.

III. Eligibility Information

This announcement is a limited competition for awards made to American Indians (Federally recognized Tribal members, state recognized Tribal members, and first and second degree descendants of Federal or state recognized Tribal members), or Alaska Natives only. Continuation awards are non-competitive.

1. Eligible Applicants

The Health Professions Preparatory Scholarship awards are made to American Indians (Federally recognized Tribal members, first and second degree descendants of Tribal members, and state recognized Tribal members, first and second degree descendants of Tribal members), or Alaska Natives who:

- Have successfully completed high school education or high school equivalency; and
- Have been accepted for enrollment in a compensatory, pre-professional general education course or curriculum; and

The Health Professions Pre-graduate Scholarship awards are made to American Indians (Federally recognized Tribal members, first and second degree descendants of Tribal members, and state recognized Tribal members, first and second degree descendants of Tribal members), or Alaska Natives who:

- Have successfully completed high school education or high school equivalency; and
- Have been accepted for enrollment or are enrolled in an accredited pre-graduate program leading to a baccalaureate degree in pre-medicine, pre-dentistry, or pre-podiatry.

The Indian Health Professions Scholarship may be awarded only to an individual who is a member of a Federally recognized Indian Tribe or Alaska Native as provided by section 4(c), and 4(d) of the IHCIA. Membership in a Tribe recognized only by a state does not meet this statutory requirement. To receive an Indian Health Professions Scholarship, an otherwise eligible individual must be enrolled in an appropriately accredited school and pursuing a course of study in a health profession as defined by section 4(10) of the IHCIA.

2. Cost Sharing/Matching

The Scholarship Program does not require matching funds or cost sharing to participate in the competitive grant process.

3. Benefits from State, Local and other Federal Sources

Awardees of the Health Professions Preparatory or Health Professions Pre-graduate scholarship may accept outside funding from other scholarship, grant, fee waiver and student loan programs to assist with their education and other related expenses.

Awardees of the Health Professions scholarship, who accept outside funding from other scholarship, grant and fee waiver programs, will have these monies applied to their student account tuition and fees charges at the college or university they are attending, before the IHS Scholarship Program will pay any of the remaining

balance. These outside funding sources must be reported on the student's invoicing documents submitted by the college or university they are attending. Student loans accepted by Health Professions scholarship recipients will have no effect on the IHS Scholarship program payment made to their college or university.

To determine the ranking of each applicant, these scores are sorted from the highest to the lowest within each scholarship section, health discipline, enrollment status, date of graduation, and score. If several students have the same date of graduation and score within the same discipline, computer ranking list will randomly sort and

will not be sorted by alphabetical name. Selections are then made from the top of each ranking list to the extent that funds allocated by the IHS among the three scholarships are available for obligation.

VI. Award Administration Information

1. Award Notices

It is anticipated that continuing applicants will be notified in writing during the first week of June and new applicants will be notified in writing during the first week of July 2012. An Award Letter will be issued to successful applicants.

Unsuccessful applicants will be notified in writing, which will include a brief explanation of the reasons the application was not successful and provide the name of the IHS official to contact if more information is desired.

2. Administrative and National Policy Requirements

Regulations at 42 CFR Part 136.304 provide that the IHS shall, from time to time, publish a list of health professions eligible for consideration for the award of IHS Indian Health Professions Preparatory and Health Professions Pre-graduate Scholarships and IHS Health Professions Scholarship. Section 104(b)(1) of the IHCA, as amended by the Indian Health Care Amendment of 1988, Pub. L. 100-713, authorizes the IHS to determine specific health professions for which Indian Health Scholarships will be awarded.

Awards for the Indian Health Professions Scholarships will be made in accordance with 42 CFR 136.330.

Awardees shall incur a service obligation prescribed under section 338A of the Public Health Service Act (42 U.S.C.2541) which shall be met by service, through clinical practice:

- (1) In the IHS;
- (2) In a program conducted under a contract or compact entered into under the Indian Self-Determination Act and Education Assistance Act (Pub. L. 93-638) and its amendments;
- (3) In a program assisted under Title V of the Indian Health Care Improvement Act (Pub. L. 94-437) and its amendments; or
- (4) In a private practice option of his or her profession (physicians, dentists, and clinical psychologists, only) if the practice (a) is situated in a health professional shortage area, designated in regulations promulgated by the Secretary of Health and Human Services (Secretary) and (b) addresses the health care needs of a substantial number (75%) of Indians as determined by the Secretary in accordance with guidelines of the Service. The percentage of substantial number of Indians was increased in FY 2012 due to the significant vacancies for health professionals in IHS, Tribal and urban Indian health programs and the need to demonstrate service to a more substantial number of Indians in the private practice option to warrant the choice of this option over options 1-3. This change will apply prospectively for new scholarship applicants only.

Pursuant to the Indian Health Amendments of 1992, (Pub. L. 102-573), an awardee of an IHS Health Professions Scholarship may, at the election of the awardee, meet his/her service obligation prescribed under section 338A of the Public Health Service Act (42 U.S.C. 2541) by a program specified in options (1)-(4) above that:

- (i) Is located on the reservation of the Tribe in which the awardee is enrolled; or
- (ii) Serves the Tribe in which the awardee is enrolled, if there is an open vacancy available in the discipline for which the awardee was funded under the IHS Health Professions Scholarship during the required 90-day placement period.

In summary, all awardees of the Indian Health Professions Scholarship are reminded that acceptance of this scholarship will result in a service obligation requirement that is supported both by statutes and contract, which must be performed at an approved service payback facility.

Moreover, the Director, IHS, has the authority to make the final determination, designating a facility, whether managed and operated by IHS, or one of its Tribal or Urban Indian partners, consistent with IHCIA, Public Law 94-437, as amended by Public Law 100-713, and Public Law 102-573, and Public Law 111-148 § 10221 (2010), as approved for scholar obligated service payback.

3. Reporting

Scholarship Program Minimum Academic Requirements

It is the policy of the IHS that a scholarship awardee funded under the Health Professions Scholarship Program of the Indian Health Care Improvement Act must

maintain a 2.0 cumulative grade point average (GPA), remain in good academic standing each semester/trimester/quarter, maintain full-time student status (minimum number credit hours, based upon what is considered “full-time” by the applicant’s school). In addition to these requirements, a Health Professions Scholarship program awardee must be enrolled in an approved/accredited school for a Health Professions degree. An awardee of a scholarship under the IHS Health Professions Pre-Graduate and Health Professions Preparatory Scholarship authority must maintain a minimum 2.0 cumulative grade point average (GPA), remain in good standing each semester/trimester/quarter and be a full time student (minimum of 12 credit hours or the number of credit hours considered by your school as full-time). Part-time students for the three scholarship programs must also maintain a 2.0 cumulative GPA and must take at least six credit hours (undergraduate) each semester/trimester/quarter, but less than the number of hours considered full-time by your school. Scholarship awardees must be approved for part-time status at the time of scholarship award. Scholarship awardees may not change from part-time status to full-time status or vice versa in the same academic year.

The following reports must be sent to the IHS Scholarship Program at the identified time frame. Each scholarship awardee will be provided with an IHS Scholarship Program Student Handbook where the needed reports are located. If a scholarship awardee fails to submit these reports as required, they will be ineligible for continuation of scholarship support and scholarship award payments will be discontinued.

A. Recipient’s Enrollment and Initial Progress Report

Within thirty (30) days from the beginning of each semester/trimester/quarter, scholarship awardees must submit a Recipient's Enrollment and Initial Progress Report (Form IHS-856-8, page 69 of the Student Handbook).

B. Transcripts

Within thirty (30) days from the end of each academic period, i.e., semester/trimester/quarter, or summer session, scholarship awardees must submit an Official Transcript showing the results of the classes taken during that period.

C. Notification of Academic Problem/Change

If at any time during the semester/trimester/quarter, scholarship awardees are advised to reduce the number of credit hours for which they are enrolled below the minimum of the 12 (or the number of hours considered by their school as full-time) for a full-time student or at least six hours for part-time students; or if they experience academic problems, they must submit this report (Form IHS-856-9, page 71 of the Student Handbook).

D. Change of Status

- Change of Academic Status

Scholarship awardees must immediately notify the IHS Area

Scholarship Coordinator and their Scholarship Program Analyst if they are placed on academic probation, dismissed from school, or voluntarily withdraw for any reason (personal or medical).

- Change of Health Discipline

Scholarship awardees may not change from the approved IHS Scholarship Program health discipline during the school year. If an unapproved change is made, scholarship payments will be discontinued.

- Change in Graduation Date

Any time that a change occurs in a scholarship awardee's expected graduation date, they must notify their IHS Area Scholarship Coordinator and their Scholarship Program Analyst immediately in writing. Justification must be attached from the school advisor.

VII. Agency Contacts

Please address application inquiries to the appropriate IHS Area Scholarship Coordinator. Other programmatic inquiries may be addressed to Dr. Dawn A. VIII. Other Information

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2020, a PHS-

led activity for setting priority areas. This program announcement is related to the priority area of Education and Community-Based Programs. Potential applicants may download a copy of Healthy People 2020, at <http://www.healthypeople.gov>.

Interested individuals are reminded that the list of eligible health and allied professions is effective for applicants for the 2012-2013 academic year.
