Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2011-1196; Airspace Docket No. 11-ASO-38]

Amendment of Class E Airspace; Columbia, SC, and Establishment of
Class E Airspace; Pelion, SC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E Airspace at Columbia, SC, by
removing Corporate Airport from the airspace designation, and establishes
Class E Airspace at Pelion, SC, using the new airport name, as new Standard
Instrument Approach Procedures have been developed at Lexington County
Airport at Pelion. This action enhances the safety and airspace management of
Instrument Flight Rules (IFR) operations within the National Airspace System.
This action also updates the geographic coordinates of the airport.

DATES: Effective 0901 UTC, May 31, 2012. The Director of the Federal
Register approves this incorporation by reference action under title 1, Code of
Federal Regulations, part 51, subject to the annual revision of FAA Order
7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:
History

On December 14, 2011, the FAA published in the Federal Register a notice of proposed rulemaking to amend Class E airspace at Columbia, SC and establish Class E airspace at Pelion, SC, Docket No. FAA-2011-1196 (76 FR 77727). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9V dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E airspace extending upward from 700 feet above the surface at Columbia, SC, by removing Corporate Airport from the airspace designation and establishes Class E airspace at Pelion, SC to support new Standard Instrument Approach Procedures at Lexington County Airport at Pelion, Pelion, SC, formerly Corporate Airport. Airspace reconfiguration is necessary due to the design of new arrival procedures, and for continued safety and management of IFR operations at the airport. The geographic coordinates also are adjusted to coincide with the FAA’s aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant
regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Columbia, SC, and establishes controlled airspace at Lexington County Airport at Pelion, Pelion, SC.

Lists of Subjects in 14 CFR Part 71:

Adoption of the Amendment:

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:
