DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

33 CFR Part 334

Meloy Channel, U.S. Coast Guard Base Miami Beach, Florida; restricted area.

AGENCY: United States Army Corps of Engineers, Department of Defense

ACTION: Notice of proposed rulemaking and request for comments.

SUMMARY: The U.S. Army Corps of Engineers (Corps) is proposing to amend its regulations to establish a new restricted area in the waters surrounding the U.S. Coast Guard Base Miami Beach, Florida (Base Miami Beach). Base Miami Beach is composed of multiple U.S. Coast Guard (USCG) units, both land and waterside. The facility has one of the highest operational tempos in the USCG for both routine and emergency operations. The amendment to the regulations is necessary to enhance the USCG's ability to secure their shoreline to counter postulated threats against their personnel, equipment, cutters and facilities by providing stand-off corridors encompassing the waters immediately contiguous to Base Miami Beach. The amendment will also serve to protect the general public from injury or property damage during routine and emergency USCG operations and provide an explosive safety arc buffer during periodic transfer of ammunitions between units, including cutters.

SUPPLEMENTARY INFORMATION:

Executive Summary

The purpose of this regulatory action is to establish a restricted area in the waters surrounding the U.S. Coast Guard Base Miami Beach, Florida to counter postulated threats against their personnel, equipment, cutters and facilities by providing stand-off corridors encompassing the waters immediately contiguous to Base Miami Beach.

The Corps authority to establish this restricted area is Section 7 of the Rivers and Harbors Act of 1917 (40 Stat 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat 892; 33 U.S.C. 3).

Background

Pursuant to its authorities in Section 7 of the Rivers and Harbors Act of 1917 (40 Stat 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat 892; 33 U.S.C. 3) the Corps is proposing to amend the regulations at 33 CFR part 334 by establishing a new restricted area in the waters near Meloy Channel, Government Cut Channel, and Miami Main Channel surrounding Base Miami Beach. The proposed amendment to this regulation will allow the Base Commander, U.S. Coast Guard Base Miami Beach to restrict passage of persons, watercraft, and vessels in waters contiguous to this Command, thereby providing greater security to the personnel, equipment, cutters, and facilities housed at the site.

Procedural Requirements

- a. Review Under Executive Order 12866. The proposed rule is issued with respect to a military function of the Department of Defense and the provisions of Executive Order 12866 do not apply.
- b. Review Under the Regulatory Flexibility Act. The proposed rule has been reviewed under the Regulatory Flexibility Act (Public Law 96-354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (i.e., small businesses and small governments). Unless information is obtained to the contrary during the comment period, the Corps expects that the proposed rule would have practically no economic impact on the public, or result in no anticipated navigational hazard or interference with existing waterway traffic. This proposed rule, if adopted, will have no significant economic impact on small entities.

c. Review Under the National Environmental Policy Act. Due to the administrative nature of this action and because there is no intended change in the use of the area, the Corps expects that this regulation, if adopted, will not have a significant impact on the quality of the human environment and, therefore, preparation of an environmental impact statement will not be required. An environmental assessment will be prepared after the public notice period is closed and all comments have been received and considered.

d. Unfunded Mandates Act. This proposed rule does not contain a Federal mandate that may result in expenditures of \$100 million or more for State, local, and Tribal governments, in the aggregate, or the private sector in any one year. Therefore, this proposed rule is not subject to the requirements of Sections 202 and 205 of the Unfunded Mandates Reform Act (UMRA). The proposed rule contains no regulatory requirements that might significantly or uniquely affect small governments. Therefore, the proposed rule is not subject to the requirements of Section 203 of UMRA.
