Indian Health Service

Office of Urban Indian Health Programs; Title V HIV/AIDS Program

Announcement Type: New Limited Competition

Funding Announcement Number: HHS-2012-IHS-UIHP-0001

Catalog of Federal Domestic Assistance Number: 93.193

Key Dates

Application Deadline Date: July 16, 2012

Review Date: July 30, 2012.

Earliest Anticipated Start Date: September 1, 2012.

I. Funding Opportunity Description

Statutory Authority

The Indian Health Service (IHS) is accepting limited competitive grant applications for the Office of Urban Indian Health Programs Title V HIV/AIDS program.. This program

is authorized under: the Indian Health Care Improvement Act, as amended, 25 U.S.C. 1653. This program is described in the Catalog of Federal Domestic Assistance under 93.193.

Justification for limited competition:

The Minority AIDS Initiative funding that the grants are awarded from was awarded to the IHS specifically for Title V urban grantees.

Background This limited competition announcement seeks to expand the Office of Urban Indian Health Programs' (OUIHP) existing Title V grants to increase awareness of HIV/AIDS status among urban American Indians/Alaska Natives (AI/AN) and to expand, as well as build, the capacity to diagnose and treat HIV/AIDS in the underserved urban AI/AN population. This will provide routine and/or rapid HIV screening, prevention, and pre- and post-test counseling (when appropriate). It will also include referral to services not provided on-site, outreach to high risk urban AI/AN populations, and follow-up with referred patients/clients. Enhancement of urban Indian health program HIV/AIDS activities is necessary to reduce the incidence of HIV/AIDS in the urban Indian communities by increasing access to HIV related services, reducing stigma, and making testing routine.

Purpose

The purpose of this IHS grant announcement is to enhance HIV testing, including rapid testing and/or standard HIV antibody testing, and to provide a more focused effort to

address HIV/AIDS prevention, targeting some of the largest urban Indian populations in the United States. It will also include outreach to high risk urban AI/AN populations, referral for services not provided on-site, and follow-up with referred patients/ clients. The grantees will attempt to provide routine HIV screening for adults as per 2006 Centers for Disease Control and Prevention (CDC) guidelines and pre- and post-test counseling (when appropriate). These grants will be used to identify best practices to increase capacity at the local level, and assist urban Indian health program sites with meeting HIV testing and treatment needs in urban AI/AN populations in the United States. The nature of these projects will require collaboration with the OUIHP to: (1) coordinate activities with the IHS National HIV Program; (2) participate in projects in other operating divisions of the Department of Health and Human Services (HHS), such as the CDC, Substance Abuse and Mental Health Services Administration, Health Resource and Services Administration, and the Office of HIV/AIDS Policy; and (3) to the extent permitted by law, submit and share anonymous, non-identifiable data on HIV/AIDS testing, treatment, and education. These grants are also intended to encourage development of sustainable, routine HIV screening programs in urban Indian health program facilities that are aligned with 2006 CDC HIV Screening guidelines (<http://www.cdc.gov/mmwr/preview/mmwrhtml/rr5514a1.htm>). Key features include streamlined consent and counseling procedures (verbal consent, opt-out), a clear HIV screening policy, identifying and implementing any necessary staff training, community awareness, and a clear follow-up protocol for HIV-positive results, including linkages to care. Grantees may choose to bundle HIV tests with sexually transmitted disease (STD) screening.

Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS)

All IHS applicants and grantee organizations are required to obtain a DUNS number and maintain an active registration in the CCR database. The DUNS number is a unique 9-digit identification number provided by D&B which uniquely identifies your entity. The DUNS number is site specific; therefore, each distinct performance site may be assigned a DUNS number. Obtaining a DUNS number is easy, and there is no charge. To obtain a DUNS number, you may access it through <http://fedgov.dnb.com/webform>, or to expedite the process, call (866) 705-5711.

Effective October 1, 2010, all HHS recipients were asked to start reporting information on subawards, as required by the Federal Funding Accountability and Transparency Act of 2006, as amended (“Transparency Act”).

Accordingly, all IHS grantees must notify potential first-tier subrecipients that no entity may receive a first-tier subaward unless the entity has provided its DUNS number to the prime grantee organization. This requirement ensures the use of a universal identifier to enhance the quality of information available to the public pursuant to the Transparency Act.

Central Contractor Registry (CCR)

Organizations that have not registered with CCR will need to obtain a DUNS number first and then access the CCR online registration through the CCR home page at <https://www.bpn.gov/ccr/default.aspx> (U.S. organizations will also need to provide an Employer Identification Number from the Internal Revenue Service that may take an additional 2-5 weeks to become active). Completing and submitting the registration takes approximately one hour to complete and your CCR registration will take approximately 3-5 business days to process. Registration with the CCR is free of charge. Applicants may register online at <https://www.bpn.gov/ccrupdate/NewRegistration.aspx>.

Additional information on implementing the Transparency Act, including the specific requirements for DUNS and CCR, can be found on the IHS Grants Management, Grants Policy website:

http://www.ihs.gov/NonMedicalPrograms/gogp/index.cfm?module=gogp_policy_topics.

If additional funding becomes available during the course of FY2012, the approved application maybe re-considered by the awarding program office for possible funding. You will also receive an Executive Summary Statement from the IHS Program Office within 30 days of the conclusion of the ORC.

NOTE: Any correspondence other than the official NoA signed by an IHS Grants Management Official announcing to the Project Director that an award has been made to their organization is not an authorization to implement their program on behalf of IHS.

A current rate covers the applicable grant activities under the current award's budget period. If the current rate is not on file with the DGM at the time of award, the IDC portion of the budget will be restricted. The restrictions remain in place until the current rate is provided to the DGM.

Generally, IDC rates for IHS grantees are negotiated with the Division of Cost Allocation (DCA) <http://rates.psc.gov/> and the Department of Interior (National Business Center) <http://www.aqd.nbc.gov/services/ICS.aspx>. If your organization has questions regarding the indirect cost policy, please call (301) 443-5204 to request assistance.

1. Reporting Requirements

Grantees must submit required reports consistent with the applicable deadlines. Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: (1) the imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This requirement applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible

for preparation of the reports.

The reporting requirements for this program are noted below.

- **Progress Reports**

Program progress reports are required semi annually, within 30 days after the budget period ends. These reports must include a brief comparison of actual accomplishments to the goals established for the period, or, if applicable, provide sound justification for the lack of progress, and other pertinent information as required. A final report must be submitted within 90 days of expiration of the budget/project period.

- **Financial Reports**

It is recommended that you also send a copy of your FFR (SF-425) report to your Grants Management Specialist. Failure to submit timely reports may cause a disruption in timely payments to your organization.

VIII. Other Information

The Public Health Service strongly encourages all cooperative agreement and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Pub. L. 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.
