BACKGROUND: The Quarterly Report of Class I and Class II Motor Carriers of Property (Form QFR) is a mandated reporting requirement for all for-hire motor carriers (See 49 U.S.C. § 14123 and implementing FMCSA regulations in 49 CFR part 369). Motor carriers (including interstate and intrastate) subject to the Federal Motor Carrier Safety Regulations are classified on the basis of their gross carrier operating revenues.¹

Under the Financial and Operating Statistics (F&OS) program, FMCSA collects balance sheet and income statement data from Class I and Class II property carriers along with information on safety needs, tonnage, mileage, employees, transportation equipment, and other related data. FMCSA may also ask carriers to respond to surveys concerning their operations. The data and information collected would be made publicly available, and FMCSA would use both to determine a motor carrier's compliance with the F&OS program requirements prescribed in chapter III of title of 49 CFR part 369.

In the past, the former Interstate Commerce Commission issued these regulations. Later this authority transferred to the Secretary on January 1, 1996, by Chapter 141 of the ICC Termination Act of 1995(ICCTA) (Public Law.104-88, 109 Stat. 803, 893 (Dec. 29, 1995)), now codified at 49 U.S.C. § 14123. On September 30, 1998, the Secretary

¹ For purposes of the Financial and Operating Statistics (F&OS) program, carriers are classified into three groups: (1) Class I carriers are those having annual carrier operating revenues (including interstate and intrastate) of \$10 million or more after applying the revenue deflator formula as set forth in Note A of 49 CFR § 369.2; (2) Class II carriers are those having annual carrier operating revenues (including interstate and intrastate) of at least \$3 million, but less than \$10 million after applying the revenue deflator formula as set forth in 49 CFR § 369.2; and (3) Class III carriers are those having annual carrier operating revenues (including interstate and intrastate) of less than \$3 million after applying the revenue deflator formula as set forth in Note A of 49 CFR § 369.2.

delegated and transferred the authority to administer the F&OS program to the former Bureau of Transportation Statistics (BTS), now part of the Research and Innovative Technology Administration (RITA).

On September 29, 2004, the Secretary transferred the responsibility for the F&OS program from BTS to FMCSA in the belief that the program was more aligned with FMCSA's mission and its other motor carrier responsibilities (69 FR 51009). On August 10, 2006, the Secretary published a final rule (71 FR 45740) that transferred and redesignated certain motor carrier financial and statistical reporting regulations of BTS, that were formerly located in chapter XI, subchapter B of title 49 CFR part 1420, to FMCSA under chapter III of title 49 CFR part 369.

PUBLIC COMMENTS INVITED: FMCSA requests comments on any aspect of this information collection, including: (1) whether the proposed collection is necessary for FMCSA to perform its functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information.
