**SUPPLEMENTARY INFORMATION:**

**I. Additional information about the proposed consent decree.**

The proposed consent decree would resolve a lawsuit filed by Sierra Club seeking to compel EPA to promulgate emission standards for hazardous air pollutant emissions from brick and structural clay products manufacturing facilities and clay ceramics manufacturing facilities located at major sources under section 112(e)(1)(E) of the CAA. Under the proposed consent decree, EPA shall no later than August 30, 2013, sign a notice of proposed rulemaking to set national emission standards for hazardous air pollutants (“NESHAP”) pursuant to section 112(d) of the CAA, 42 U.S.C. 7412(d), for brick and structural clay products manufacturing facilities and clay ceramics manufacturing facilities located at major sources. In addition, under the proposed consent decree, EPA shall no later than July 31, 2014, sign a notice of final rulemaking to set NESHAP for the source categories covered by the proposed rule.

The proposed consent decree further requires that, within 10 business days of signing a proposed or final rule, EPA shall deliver a notice of such action to the Office of the Federal Register for publication and that once EPA fulfills its obligations under the decree it may move to have the decree terminated.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment submitted, that consent to this consent decree should be withdrawn, the terms of the decree will be affirmed.

## **II. Additional information about commenting on the proposed consent decree.**

Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through [www.regulations.gov](http://www.regulations.gov), your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
