SUPPLEMENTARY INFORMATION: The PRA and its implementing regulations, 5 CFR Part 1320, require federal agencies to provide 60 days notice to the public for comment on information collection activities - including renewals of currently approved ICRs - before seeking approval of such activities by the Office of Management and Budget (OMB). Accordingly, the Board invites interested respondents to comment on

the following summary of proposed information collection activities regarding (i) whether the information collection activities are necessary for the Board to properly execute its functions; (ii) the accuracy of the Board's estimates of the burden of the information collection activities; (iii) ways for the Board to enhance the quality, utility, and clarity of the information being collected; and (iv) ways for the Board to minimize the burden of information collection activities on the public.

The Board is planning to submit the following currently approved ICR to OMB for review and approval of renewal under the PRA:

Title of Collection: FederalReporting.gov Recipient Registration System

ICR Reference No.: 200912-0430-001

OMB Control No.: 043-0002

ICR Status: The approval for this ICR is scheduled to expire on 2/28/2013.

Description: Section 1512 of the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, 123 Stat. 115 (2009) (Recovery Act), requires recipients of Recovery Act funds to report on the use of those funds. These reports are submitted to FederalReporting.gov, and certain information from these reports is then posted to the publically available website Recovery.gov.

The FederalReporting.gov Recipient Registration System (FRRS) was developed to protect the Board and FederalReporting.gov users from individuals seeking to gain unauthorized access to user accounts on FederalReporting.gov. FRRS is used for the purpose of verifying the identity of the user; allowing users to establish an account on FederalReporting.gov; providing users access to their FederalReporting.gov account for reporting data; allowing users to customize, update, or terminate their accounts with

FederalReporting.gov; and renewing or revoking a user's account on FederalReporting.gov, thereby protecting FederalReporting.gov and FederalReporting.gov users from potential harm caused by individuals with malicious intentions gaining unauthorized access to the system.

To assist in this goal, FRRS will collect a registrant's name, email address, telephone number and extension, three security questions and answers, and, by way of a DUNS number, organization information. The person registering for FederalReporting.gov will generate a self-assigned password that will be stored on the FRRS, but will only be accessible to the registering individual.

Total Estimated Number of Respondents: 1000

Frequency of Responses: Once

Total Estimated Annual Burden Hours: 83

Dated: December 19, 2012.
