SUPPLEMENTARY INFORMATION:

I. Purpose

The FAR requires insertion of clause 52.247-2, Permits, Authorities, or Franchises, when regulated transportation is involved. The clause requires the contractor to indicate whether it has the proper authorization from the Federal Highway Administration (or other cognizant regulatory body) to move material. The contractor may be required to provide copies of the authorization before moving material under the contract. The clause also requires the contractor, at its expense, to obtain and maintain any permits, franchises, licenses, and other authorities issued by State and local governments. The

Government may request to review the documents to ensure that the contractor has complied with all regulatory requirements.

II. Discussion and Analysis

One respondent submitted a comment related to the submission of medical errors. The comment is not within the scope of this information collection requirement.

III. Annual Reporting Burden

The estimated annual reporting burden has decreased from what was published in the Federal Register at 74 FR 56640, on November 2, 2009. The decrease is based on a revised estimate of the number of respondents, responses per year and response time per response. According to Fiscal Year 2011 Federal Procurement Data System (FPDS) data, 3,877 contracts were awarded to 1021 unique vendors under the North American Industry Classification System (NAICS) code 484 for trucking, where the requirements for this collection would apply. It is estimated that a maximum of 25%, or 255 of these vendors would be required to provide the information required by the clause. The information need only be gathered and submitted on an exception basis. We estimate that any respondent will be required to submit supporting information only one time annually. In addition, we think that it will take the contractor only one half hour to pull existing franchises or permits from the files.

Respondents: 255.

Responses Per Respondent: 1.

Annual Responses: 255.

Hours Per Response: 0.5.

Total Burden Hours: 128.
