SUPPLEMENTARY INFORMATION:

The Coast Guard will activate and enforce the Sitcum Waterway Security Zone set forth in 33 CFR 165.1321(c)(2) from 6 a.m. on February 1, 2013, through 11:59 p.m. on February 7, 2013, unless cancelled sooner by the Captain of the Port or Designated Representative. In 2004, the Coast Guard established regulations for the security of Department of Defense assets and military cargo in the navigable waters of Puget Sound to and adjacent waters. (See 69 FR 52600, Aug. 27, 2004). When subject to enforcement, this regulation prohibits persons and vessels from the immediate vicinity of these facilities during military cargo loading and unloading operations. The security zone will also provide for the regulation of vessel traffic in the vicinity of military cargo loading facilities in the navigable waters of the United States. In addition, the regulation establishes requirements for all vessels to obtain permission of the COTP or Designated Representative, including the Vessel Traffic Service (VTS), to enter, move within, or exit these security zones when they are enforced. Entry into this zone is prohibited unless otherwise exempted

or excluded under 33 CFR 165.1321 or unless authorized by the Captain of the Port or Designated Representative.

This notice is issued under authority of 33 CFR 165.1321 and 5 U.S.C. 552 (a). In addition to this notice in the Federal Register, the Coast Guard will provide the maritime community with notification of this enforcement period via marine information broadcasts and on-scene assets. If the COTP determines that the regulated area need not be enforced for the full duration stated in this notice, a Broadcast Notice to Mariners may be used to grant general permission to enter the regulated area.
